The College has student rules, regulations and guidelines pertaining to all students, and it is each student's responsibility to be familiar with the regulations and abide by them. Additional information about academic programs and requirements can be found in the College Catalog.

We encourage you to fully read this Student Handbook and to utilize the many resources available to you. We expect all students to maintain standards of personal conduct that are in harmony with the educational and professional ideals of ACPHS and to conduct themselves in a manner that reflects positively on the College. We hope you take advantage of the co-curricular learning opportunities available on campus through residence life, student activities, student government, athletics, and community service.

The policies and procedures contained in this Student Handbook are subject to revision at any time with little or no advance notification. To the degree possible, substantive changes will only be made between academic years. See final appendix for updates.

CAMPUS SERVICES AND INFORMATION

COUNSELING AND WELLNESS

ALBANY CAMPUS

The Office of Counseling and Wellness at ACPHS is located on the second floor of the Student Center and offers wellness and mental health services to students, faculty and staff. Services include individual, group and family therapy for a variety of issues, including mood and anxiety disorders; adjustment and interpersonal problems; stress related difficulties; eating and substance abuse disorders; and many other concerns. These services are free, and all counseling, consultations and referrals are kept strictly confidential, in accordance with legal and professional guidelines. Full-time licensed clinicians are on staff and, when clinically warranted, can coordinate admission to a local, or a student's hometown, psychiatric center. They may be contacted directly by phone or e-mail, or appointments can be made through the confidential secretary/receptionist at 518.694.7107 or emailing counselingservices@acphs.edu. Contact information can be obtained by visiting the Office of Counseling and Wellness website on Blackboard.

VERMONT CAMPUS

Free and confidential counseling services are available for all eligible ACPHS students and are provided by the Fletcher Allen Health Care (FAHC) Employee Assistance Program (EAP). Services provided include initial assessment, counseling and referral. Crisis counseling is available when necessary, and unlimited telephone consultation is available. Students will be given timely appointments within 48 hours of the request. Should the need for services extend beyond the short term model of treatment, EAP can provide additional services using the student's insurance or with the student paying out-of-pocket, or a referral can be made to an agency in the area. Counseling services will be provided on-site when hours are available or at offsite locations near the campus to include: Fanny Allen Hospital campus, 790 College Parkway, Rte. 15, Colchester and the University Health Center campus (UHC), 1 So. Prospect St., Burlington; 802-847-2827 or email efap@vtmednet.org.

DINING SERVICES/MEAL PLANS

ALBANY CAMPUS

Albany College of Pharmacy and Health Sciences' food service provider, Chartwells, offers three meal plans to students: \$510, \$1225 and \$1630 per semester. Students are not charged taxes for their meal plan purchases, which results in an 8 percent savings for the students.

All resident students in South Hall and Notre Dame Hall are automatically enrolled in the \$1630 plan. This is mandatory, as there are no cooking facilities in these two residence halls. Non-resident students and those residing in Holland/Princeton Suites have the option of a meal plan.

Meal Plan	Freedom Gold	Freedom Silver	Freedom Bronze
Meals per semester	150	110	40
Flex dollars per semester	\$470	\$325	\$175
Price	\$1,630	\$1,225	\$510
Off-campus dollars	\$95	\$65	\$35

Meal plan service consists of breakfast through dinner provided Monday through Friday from 7:30 a.m. to 10:00 p.m. Weekend hours are 9:30 a.m. to 7:30 p.m. Should the College close due to weather, the dining hall will operate according to weekend hours. All schedules are subject to change.

Each plan includes both “block meals” and “flex dollars.” The meal plan works on a declining balance/block meal system. Each time the card is used the balance is reduced by either a block meal or the amount purchased in flex dollars. 20% of the “flex dollars” can be used at designated off-campus locations (information supplied on the website www.dineoncampus.com/acphs/). Should a student’s meal plan balance expire before the end of the semester, 10 additional block meals may be purchased for \$80 and flex dollars may be added in \$25 increments. This must be done directly with the Chartwells management in the dining hall by check or cash. Block meals left over from the fall semester will not carry over into the spring semester. Flex dollars left over from the fall semester will carry over into the spring semester if you have a plan for the spring semester. Balances remaining at the conclusion of the spring semester are forfeited.

Non-resident students and residents of Holland/Princeton Suites who have opted for a meal plan will have only the first week of the fall semester to make changes to their meal plan. After the first week, all contracts are final, with the exception of extenuating circumstances, which the College and Chartwells management will evaluate on a case-by-case basis. If a student (excluding South Hall and Notre Dame Hall residents) chooses not to participate in the spring semester meal plan, written notification must be sent to the Office of Student Accounts by December 1st. All balances remaining at the end of the fall semester will be forfeited. This policy will be strictly enforced.

Meal plans are billed to the student’s account. In order to use the meal plan, students must present their College ID card at the register at the time of purchase.

VERMONT CAMPUS

Albany College of Pharmacy and Health Sciences’ food service provider, T-Bones, operator of the Brain Food Café on campus, provides a \$310 meal plan to all students. Students are not charged taxes for their purchases, which results in a 9 percent savings for the student. Meal plans are billed to the student’s account. In order to use the meal plan, students must present their College ID card at the register at the time of the purchase. Each plan works on a declining balance basis. Each time the Meal Plan is used, the balance is reduced by the amount of the purchase. Should the student meal plan balance expire before the end of the semester, money may be added in \$25 increments directly at the register in the café. Thus, students are strongly encouraged to use their entire Meal Plan balance during the existing semester. Students who are enrolled in the fall semester meal plan are billed automatically for the same meal plan in the spring semester.

E-MAIL

Albany College of Pharmacy and Health Sciences has established e-mail as a means of sending official information to students enrolled in credit courses. To support this objective, the College has provided an e-mail account to all ACPHS students. All accounts are subject to the ACPHS Computer Policy Appendix found in this handbook.

- The College has the right to expect that such communications will be received and read in a timely fashion;
- Students are expected to check their College e-mail on a frequent and consistent basis to ensure that they are staying current on all official communications;
- The Chief Technology Officer has overall responsibility for implementation and enforcement of this policy;
- ACPHS-Information Technology (IT) is responsible for distributing and maintaining official ACPHS e-mail addresses;
- Students are expected to maintain their e-mail accounts, so that they do not become full. Deleting and/or saving of old e-mails is the responsibility of the students. Any student on the Albany Campus needing help with maintaining their account can come to the Computing and Technology Support Center, located in room 212 of the Student Center, for assistance. On the Vermont Campus, the Support Center is located in Room 104.

A student cannot have e-mail redirected from their official ACPHS address (firstname.lastname@acphs.edu) to another e-mail address. The College will not be responsible for the handling of e-mail by outside vendors. Students utilize Outlook Web Access for e-mail. While other methods are available, they are not supported by ACPHS-IT due to the plethora of connection possibilities for students. Students who wish to utilize the Outlook MAPI client may do so only while on campus.

EVENT AND FACILITIES SCHEDULING

ACPHS students and student organizations have access to a variety of facilities on campus. These facilities include, but are not limited to, recreational, social, dining and academic spaces. Most of these facilities may be reserved for student usage. Some facilities can be reserved through Meeting Room Manager on the College's Blackboard site. Students must work with their faculty advisor and student organizations with their club advisor, to access Meeting Room Manager. If a space/facility is not available on Meeting Room Manager, students should contact the College office responsible for the scheduling of the space. Athletic and recreational facilities are reserved by contacting the Director of Athletics and Recreation. Student gathering spaces can be reserved through Meeting Room Manager or the Office of Campus Life. Classrooms, lecture halls, student study space, etc. are all reserved through Meeting Room Manager. Students and/or organizations are required to make all necessary arrangements for special needs related to their activities/events, such as tables and chairs, Information Technology assistance, parking and food service.

STUDENT HEALTH CENTER / HEALTH INSURANCE REQUIREMENTS

Albany College of Pharmacy and Health Sciences strives to provide the best possible academic experience for all of our students. As stewards of the school, the administration recognizes that the promotion of health and wellness is vital to academic success. ACPHS requires all full-time students to have health insurance, either through a family employee plan, a private insurer or the quality, low-cost sickness and accident plan offered by the College. The school plan is serviced and underwritten by Markel Insurance Company. Students must demonstrate adequate health coverage or they will be enrolled in and billed for the College plan. Those who wish to waive the College's Markel Plan must provide insurance information by August 1, or they will be billed for the school plan on their student account. Students will not be permitted to waive coverage after this date.

ALBANY CAMPUS

The Student Health Center (SHC) is located at 25 Hackett Boulevard, First Floor, in the Albany Medical Center South Clinical Campus on the corner of Samaritan Road and Hackett Boulevard. This facility is directly across the street from South Hall. The SHC is open and available to students Monday through Friday from 8 a.m. through 4:30 p.m. Practitioners will also be available by phone 24 hours a day at 518-264-0900. Students must call 518-264-0900 to make an appointment to be seen.

Students who are insured through the College's insurance provider, Markel, receive three office visits free of charge during the fall and spring semesters (not to include charges for any other services rendered). Additional visits incur the office visit charge which will be billed to Markel. Students insured through other providers will have their insurance provider billed for an office visit, consistent with the benefit plan provided. Students are not required to pay for services at the time they are rendered. SHC will file the necessary claims with insurance providers. Students will be responsible for payment of any balance due after the insurance provider's payment. Students should bring their ACPHS picture ID and their insurance card with them to every visit, to protect against identity theft and insure eligibility.

VERMONT CAMPUS

Fletcher Allen Health Care (FAHC) provides medical/physician services to the Vermont Campus of Albany College of Pharmacy and Health Sciences students as part of their Health Center Fee. This fee is mandatory for all ACPHS students on the Vermont Campus. The Fletcher Allen Health Care Department of Family Medicine (Colchester Family Practice (CFP)) will provide "acute care" to students enrolled at the Albany College of Pharmacy and Health Sciences Vermont campus. There may be additional fees for services (e.g. laboratory tests, x-rays, immunizations, vaccinations, PPDs, etc.) provided to ACPHS students. FAHC CFP is located at 883 Blakely Rd. in Colchester. The phone number is (802) 847-2055.

HEALTH REQUIREMENTS

STUDENTS ON CLINICAL ROTATION

Clinical rotations are designed to build on students' academic base and provide them with a wide exposure to various pharmacy practice/clinical laboratory experience in order for students to further develop skills in making independent judgments and integrating fundamental knowledge into clinical applications. The following is required for all students who will be participating in a clinical rotation as part of their college degree. Documentation must be provided to the Office of Experiential Education annually, prior to starting the supervised clinical experience. ALL students who will be participating in clinical rotations must have the documentation below (PPD and PE) completed within a specific timeframe prior to the end of the academic year preceding the start of rotations (timeframe will be communicated to students at an appropriate time during the academic year.) Pharm.D. candidates will need to complete this documentation annually starting with the 1st professional year (P1) through the end of the 3rd professional year (P3). Clinical Lab Sciences and Cytotechnology students will only need to complete the documentation once at the end of the academic year prior to starting rotations.

The dates MUST be adhered to in order to ensure the documentation remains in effect through the duration of the ensuing clerkship year.

Tuberculosis (TB) Infection Screening/(TST/Mantoux or IGRA):

- If your TB screening result is positive, you must receive a chest x-ray and provide the College with documentation of both the results and the x-ray report, as well as any follow-up treatment you receive.
- If you have had a positive TB screening in the past, you need to provide a copy of those results, along with a copy of a negative chest x-ray report, and any follow-up treatment you received.
- Those excluded from skin testing due to prior positive reaction or past disease must be evaluated during their annual physical exam for active signs of the disease.

Physical Exam: An annual physical exam, valid for a 12 month period, is required.

Notes:

- Varicella/Chicken Pox—proof of immunity status was required upon admission, but a positive titer or physician-diagnosed history of disease may be required by some rotation sites (proof of vaccine series would not be acceptable). Doctor of Pharmacy students will need to verify the specific requirements for each rotation site through the E*Value system.

All students must keep a copy of the above documentation, as it may be requested by their practice sites. Failure to provide sufficient documentation prior to rotations puts a student at risk for being removed from a rotation. If a student is removed for this reason, he/she will be rescheduled for a later rotation and placed at any available rotation site (not necessarily the choice of the student.) This reschedule will incur a \$250 fee, which is at the student's expense.

ADDITIONAL ROTATION REQUIREMENTS

Some clinical affiliation sites have additional requirements that must be documented prior to starting that specific rotation (e.g. blood titer as opposed to proof of vaccination.) These additional requirements would be documented in the E*Value database system, as well as communicated to the student in advance. It is the student's responsibility to ensure the requirements are met prior to commencement of clerkship, and will also be at the student's expense (except when facilitated by the rotation site.) If the additional requirements are not met prior to start of clerkship, the student will not be allowed to begin the rotation until they have been fulfilled.

HIPAA TRAINING

With the introduction of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), it is mandatory that students participating in experiential education leading to a career as a health care professional have HIPAA training from Albany College of Pharmacy and Health Sciences. The College has entered into an agreement with Learn Something, Inc., which has made its widely adopted HIPAA Rx Privacy Training program available to students and staff of U.S. pharmacy schools. The training series provides job-specific overview training on the HIPAA Privacy Rule as it applies to pharmacies and is delivered online in an interactive format with activities, self-checks and audio. The course also includes a summary of best practices for privacy policies and procedures and should take approximately 1 hour to complete. At the end of the course there is an exam and a Completion Statement, which students need to keep a copy of for their records. ACPHS will provide details to Pharm. D. students about the training prior to clinical rotations.

CPR OR BASIC LIFE SUPPORT CERTIFICATION

All pharmacy students are required to obtain CPR (Cardiopulmonary Resuscitation) or BLS (Basic Life Support) certification before starting clinical rotations, according to the standards of the Accreditation Council for Pharmacy Education (ACPE). Students must have valid CPR or BLS certification before the end of their 1st professional (P1) year and will be required to keep their certification valid throughout the duration of their 4th professional (P4) year. All certifications MUST include a hands-on skills portion (training cannot be done online only.)

IDENTIFICATION CARDS

All students are issued a Student Identification Card (ID Card) during or immediately following Orientation at both the Albany and Vermont campuses. New employees are also issued ID cards at the onset of employment. Students, faculty and staff must have their photo taken in the Student Support Center in SC 212 on the Albany Campus and in the Computer Technology and Support Center in Room 104 on the Vermont campus, in order to receive their card. All students, faculty and staff are required to have their ID card with them at all times on campus, and they must present the card, if requested by a College official or Public Safety Officer. Vermont students must wear IDs on lanyards. For students enrolled in a College Meal Plan, the ID Card also serves as their Meal Card. ID Cards are also required for participation/registration of most Student Activities on campus. Lost cards can be replaced in the Student Support Center on the Albany campus and in the Administration offices, Room 102, on the Vermont Campus. There is a \$10 replacement fee.

LOST AND FOUND

A “Lost and Found” service is maintained by the Office of Public Safety. All lost items should be turned in to a public safety officer, the Office of Public Safety or a College employee immediately. To inquire about a lost item on the Albany campus, you may contact the public safety office at 518-244-3177 or publicsafety@ACPHS.edu or in person at their office at 84 Holland Ave., Suite B-222. On the Vermont campus, please visit Room 102 for assistance with items that are lost or found or call 802-735-2620.

MAILROOM

A central mailroom for resident students is located in the lobby of Holland/Princeton Suites (84 Holland Avenue). The mailroom is open from 8:30 a.m. to 4:00 p.m., Monday through Friday, during fall and spring semesters, and 8:30 a.m. to 1:00 p.m., Monday through Friday during intercessions and summer. Mailroom and services are closed weekends, holidays and days of school closings.

All resident students are assigned a mailbox which they will keep the entire time that they remain a resident student at ACPHS. Mailboxes are accessible from 7:00 a.m. until 11:00 p.m. for non-Holland/Princeton Suites residents. HS/PS students can access mailboxes 24 hours a day.

Students who receive packages which do not fit in their mailbox will be notified via email from mailroom@acphs.edu that they have a package ready for pick up. Packages may be picked up during the above stated times. Students must present their ACPHS Student ID to retrieve packages.

Incoming and outgoing US Postal Service mail will be received and delivered daily. Letters/packages requiring a signature will be accepted as well. A limited amount of USPS stamps may be purchased from the mailroom during hours of operation. FedEx and UPS overnight, second day, etc. shipping services are available. Students must complete a shipping form which requires a credit card number for billing purposes. FedEx and UPS outgoing packages must be received in the mailroom by 2:00 p.m. for packaging and labeling. FedEx and UPS supplies are available in the mailroom. For FedEx and UPS, shipper must provide name, address, city, state, zip and phone number of the recipient. FedEx and UPS do not deliver to PO boxes.

For more information, contact the Mailroom at mailroom@acphs.edu.

PARKING

Student parking permit registration and payment is coordinated by the Office of Administrative Operations. The cost of a commuter parking permit on both campuses is \$240. The cost of a resident parking permit on the Albany campus is \$320. Parking permits are distributed during Orientation and during the first three days of classes or during the academic year, as needed. Parking regulations are posted, distributed and enforced. Fines are levied by the Office of Public Safety. Fines are charged to student accounts through ACPHS Office of Student Accounts. Continuous and/or multiple violations of parking regulations will result in the towing of vehicles and the withdrawal of the parking permit. Students residing in the independently owned and operated University Heights College Suites (UHCS) facility are required to park in designated University Heights College Suites parking lots. Students residing in UHCS are prohibited from parking in ACPHS parking lots. UHCS parking information is available from the College Suites management office.

ALBANY CAMPUS

ACPHS has a number of parking lots available for resident and commuter students. These lots include the Student Center and Notre Dame Hall resident lots for commuter students, as well as the Notre Dame Hall, South Hall, BRB and Holland/Princeton Suites lots for resident students.

VERMONT CAMPUS

Parking is available at the Vermont Campus for students in the designated student spaces in the lot adjacent to the building.

PERSONAL PROPERTY

ACPHS is not responsible for the loss of personal property. This includes, but is not limited to, personal property in residence halls, vehicles parked on campus and at clerkship sites. Students are cautioned to keep valuable possessions in their sight or in properly safeguarded containers and should seek personal property insurance coverage. Students are encouraged to contact their homeowner's insurance carrier to ensure the student's belongings are covered by renter's insurance while they live on or off campus.

ACADEMIC SERVICES AND INFORMATION

ACADEMIC LEARNING SERVICES

The primary goal of Academic Learning Services is to provide a comprehensive set of academic support services designed to help students grow academically, personally and professionally. Through the development of study and independent learning skills our services seek to help students develop a deeper understanding of classroom concepts, reinforce integration of ideas between courses, and ultimately to improve their chances of academic success at the College. A variety of tutoring services, individualized assistance, and workshops ensures that every student's needs are met.

PEER TUTORING PROGRAM

The Peer Tutoring Program at Albany College of Pharmacy and Health Sciences (ACPHS) provides academic assistance to all students enrolled in core science and math courses at ACPHS on both campuses. The primary goal of Peer Tutoring is to encourage, promote, and foster students' independent learning. This is accomplished through small group and individual tutoring sessions. Tutors are current ACPHS students who have been successful in their courses, have all received training, and are academic leaders of their class. Tutors are either available during walk-in hours, group learning sessions, or by appointment. The schedule and list of tutors can be found on the Blackboard tutoring website. peertutoring@acphs.edu

SCIENCE ASSISTANCE CENTER

The Science Assistance Center (SAC) provides professional-level tutoring and assistance in the basic science and math courses through both one-on-one tutoring and small group tutoring. SAC tutors are well-qualified professionals who are willing to spend the time with you. SAC tutors are available during the daytime hours on a walk-in basis. Hours are posted on our Blackboard website as well as outside of our door in Albany Library Room 308. science.assistance@acphs.edu.

WRITING CENTER

The Writing Center is a free, one-on-one service available to all members of the ACPHS community. Its goal is to help students become more confident, competent, and self-reflective writers and speakers. All writers and speakers need trained, supportive and responsive readers and listeners. Tutors strive to provide an atmosphere in which writers and speakers can feel comfortable in seeking support and feedback. English as a Second Language (ESL) support is available as well. Writing Center tutors are available on a drop-in basis or by appointment in Library Building Room 306 during daytime hours. The schedule is available on Blackboard and communicated to classes at the start of each semester. Email writing@acphs.edu for more information.

ADDRESS CHANGE

The registrar should be notified immediately of any changes of address, either local or permanent. Students may e-mail change of address information to the registrar at registrar@acphs.edu.

ATTENDANCE POLICY

Students are expected to attend all assigned classes. Students who have documented absences which exceed 10 percent of the total number of scheduled instructional hours for any given course may, at the discretion of the instructor, receive a grade of I or F and/or be refused admission to the final examination. The College expects instructors to be reasonable in accommodating students whose absence from class resulted from: (1) personal illness; or (2) family bereavement and/or other compelling circumstances. Instructors and the College have the right to request documentation verifying the basis of any absences resulting from the above factors. Any student who believes that his or her final grade for a course has been reduced unfairly because of attendance factors has the right to appeal that grade if an attempt to resolve the issue with the instructor is unsuccessful. Procedures for a grade appeal are described in the "Course Concerns" policy which is found in the College Catalog.

LIFE ON CAMPUS

ATHLETICS

All full-time students on the Albany campus are eligible to participate in intercollegiate athletics at ACPHS. The College offers intercollegiate soccer, basketball, and cross country for men and women; and club teams in tennis, softball and men's lacrosse. The Panthers travel regularly throughout New York State and New England for competition, and also compete in tournaments across the country, with trips to Texas, Florida, North Carolina and California in recent years. All six ACPHS teams compete in the Hudson Valley Athletic Conference. Other institutions in the conference include Sarah Lawrence College, Culinary Institute of America and St. Joseph's College (NY), among others. In the 2010-11 season, the women's basketball team earned a conference championship while in the 2009-10 season, the men's soccer and women's cross-country teams captured conference championships. ACPHS students on the Albany campus also are eligible to participate in Union College athletic programs that are not offered at ACPHS. Union, in nearby Schenectady, offers a full range of NCAA Division III sports (men's hockey is Division I and ACPHS students are not eligible to participate in hockey) including football, lacrosse, softball, baseball, swimming and track. ACPHS students also are involved in a variety of intramural activities, including karate, volleyball, Ultimate Frisbee, flag football and basketball. ESTABLISHING CLUBS AND ORGANIZATIONS

ACPHS's Student Government Association (SGA) and Clubs Congress offer a number of clubs, organizations, and extracurricular activities to meet the needs of our diverse student population. Occasionally a student or group of students will have the desire to initiate a new club or organization to benefit the College community. SGA welcomes new ideas and new groups. If interested in starting a new club or organization at ACPHS, please contact the Student Activities Assistant in the Office of Campus Life, located in SC 207 on the Albany Campus, or the Administrative Assistant to the Assistant Dean for Students, located in Room 102 on the Vermont Campus.

In the first year of operation at the Vermont campus, students became active in a number of these, including the Academy of Students of Pharmacy and Student Government Association in association with the Albany campus. Additionally, the Vermont Campus developed its own MultiCultural Club, an Outdoors Club, Colleges Against Cancer

chapter and a Ski Club. It is anticipated that additional clubs will be formed in accordance with the SGA's Establishing Clubs and Organizations Policy.

AFRICAN STUDENT ASSOCIATION

This club strives to raise awareness about the diverse African cultures, traditions, nations and people as a whole. ASA participates in community service activities within the Capital Region, and members are active within the campus community through participating in the Student Ambassadors Program and peer tutors. The club regularly participates in the Multicultural Festival held in the Spring Semester.

This new club was created in memory of Dr. Tom Little, an optometrist from Kinderhook, NY. In the summer of 2010, Dr. Little and nine other members of his medical team were ambushed and murdered in Afghanistan while there to provide eye care to Afghans in need. The club hopes to honor his memory by providing opportunities to ACPHS students to make a difference in the community through service projects to benefit Albany and other places and people in need.

CRAFT AND QUILT GUILD

The ACPHS Craft and Quilt Guild was chartered in the fall of 1998. The goals of the club are to teach and learn from each member new crafts and skills, to encourage friendship and interaction between students, faculty and staff, and to give something back to the College by donating money raised through quilt raffles to the Kirkpatrick Scholarship Fund.

The Omicron Chapter at Albany College of Pharmacy and Health Sciences was established in 1983. The Gamma Omega Chapter was established in 2011 on the Vermont campus. By peer recognition, the Society encourages participation in all pharmacy activities. Since membership crosses all organizational lines, the Society does not compete with other pharmacy organizations. Phi Lambda Sigma honors leadership. Members are selected by peer recognition. Such recognition instills and enhances self-confidence, encourages the less active student to a more active role and promotes greater effort toward the advancement of pharmacy. Membership in Phi Lambda Sigma consists of four categories: student, faculty, alumni and honorary. For a

student to be eligible for membership, he or she shall be of high moral and ethical character, shall have successfully completed at least one professional year of scholastic work applicable toward a recognized pharmacy degree, and shall have a cumulative grade point average of 2.50 on a 4.00 grading scale. The Rho Chi Society encourages and recognizes excellence in intellectual achievement, fosters fellowship among its members, encourages high standards of conduct and character, and advocates critical inquiry in all aspects of pharmacy. High standards of intellectual and scholarly attainment are required for election to Rho Chi membership; symbolized by the Rho Chi Key pin awarded to all new members at the annual chapter induction ceremony. National bylaws hold individual chapters responsible for election of the student membership, under the direction of faculty advisors. Membership nomination by the chapter is based on individual academic qualifications. Students enrolled full-time in an accredited professional pharmacy program are eligible for membership after having completed no less than one-half of the required professional didactic course work as defined for their degree. The minimum requirements for membership for professional entry-level degree students includes: rank in the highest 20 percent of their class and a minimum professional grade point average (GPA) of 3.0 on a 4.0 scale. STUDENT PROFESSIONALISM

Students enrolled in the pharmacy program at ACPHS are expected to maintain a high standard of professional conduct, including respect for others, honesty and integrity, altruism, professional stewardship, and motivated attitude; demonstrate a commitment to learning and to providing optimal patient care; and develop habits of life-long learning and self-assessment. In every action and behavior, students should realize that they are a representative of the College community, which includes students, faculty, staff, alumni, trustees, and preceptors. As student pharmacists, students in the professional program also represent the profession of pharmacy. Thus, students should conduct themselves in accordance with the College's tenets of professionalism as described in the Oath of the Pharmacist and the Code of Professionalism at all times, especially when engaged in professional practice.

Students must exhibit professionalism in both manner and dress, especially in the practice laboratory, and experiential practice settings. Laboratory faculty and experiential preceptors will provide further direction with respect to appearance codes.

As a student of pharmacy, it is not enough to simply study for an exam; rather, there is a professional responsibility inherent in the Oath of the Pharmacist to "study for the patient," which often encompasses learning much more than what may be expected to perform well on exams and other classroom assessments.

Professional obligations include but are not limited to:

- Maintaining patient confidentiality and adhering to HIPPA
- Adherence to the Academic Integrity, Student Conduct, and Code of Professionalism policies
- Meeting deadlines for submission of official paperwork, such as that required for intern licensure, immunization documentation, criminal background check, etc
- Respecting others in all forms of communication, including on social media sites
- Being a role model and good steward of the profession and the College
- Putting the patient first above all other obligations

Violations of the above are considered unprofessional and may lead to serious consequences, including course failures, possible dismissal from the College, and/or federal fines (in the case of HIPPA violations).

STUDENT PUBLICATIONS

ANOTHER CREATIVE PERSPECTIVE

Another Creative Perspective is an annual literary magazine that provides a creative outlet to members of the ACPHS community. This endeavor is financially supported by the Student Government Association and coordinated through the College's Writing Center. ACPHS faculty, staff and students work together to create the publication.

ALEMBIC PHARMAKON

Every year each student receives a copy of the ACPHS yearbook, Alembic Pharmakon. The staff consists primarily of fifth-year students, but underclassmen help sort, compile and arrange the many aspects of ACPHS life into a unified

document. Together, these students work to develop a unique and interesting representation of the students, faculty and staff that make up ACPHS.

THE MORTAR AND PESTLE

Mortar and Pestle is the student-operated newspaper at ACPHS. Students are encouraged to contribute their thoughts and information in a variety of ways. No matter what the seasonal topic, one usually can find class and organization updates, an editorial and a personal interview with an ACPHS faculty member.

The security staff are assisted by several technologies that are intended to enhance the safety and security of students, faculty, and staff across all of the campuses. Technologies include:*

- *Closed circuit television systems which place cameras at a number of locations, both inside and outside, around campus. The cameras are monitored in the University Heights Association's Office of Public Safety dispatch center, as well as by Hunter North Associates during their coverage. Security cameras are recorded for investigatory and evidentiary purposes.*
- *Key Fob access to exterior doors of all academic buildings, which notifies University Heights Association's Office of Public Safety when doors are opened outside of normal business hours or when they are propped open.*

The following contacts/services apply **only** to students on the Vermont campus:

Hunter North Associates (On-duty officer)*

603-494-4617/ Emergency – 518-244-3177

Colchester Police/Fire/Rescue**

802-264-5555

**Hunter North Associates will provide on-site security officer during specified hours. During these hours, the Hunter North Security "On-Duty Officer" should be the primary call.*

***Outside of normal business hours (if Hunter North is not available) or to report potential criminal activity , please contact the Colchester Police Department.*

AUTHORITY OF CAMPUS PUBLIC SAFETY OFFICERS

Public Safety Officers are security guards licensed by the State of New York. They are trained to the standards and requirements set by the New York State Division for Criminal Justice Services and the Department of State.

As security guards, their authority to arrest is the same as a citizen; they may make warrantless arrests for a felony "in fact committed" or any offense "in fact committed" in their presence. They may not make warrant arrests or arrests based on reasonable cause.

Selected Public Safety Officers attend a regional Campus Public Safety Officer Academy at the Zone 5 Regional Law Enforcement Academy, which is certified by NYS DCJS. Graduates of that Academy are eligible for appointment, upon request of the Board of Trustees, as a private college security officer. Such appointment grants authority, restricted to the geographical area of authority, to make a warrantless arrest for an offense committed in his presence, or a crime when he has reasonable cause to believe that such person has committed such crime.

Public Safety Officers have the authority request identification from all persons on campus, and to determine the reason for their presence on campus.

Public Safety Officers have the authority to issue UHA tickets for parking violations and moving offenses on any of the UHA campuses.

BACKGROUND CHECKS

The College requires that all students, at the student's expense, provide a background check prior to entry into the first professional year (P1). Negative findings contained within the background check will be reviewed by a committee appointed by the Provost, to determine if the finding prevents the student's admission, progression, or ability to successfully complete experiential rotations. Negative findings will not automatically disqualify a student from matriculation or continued enrollment. If the committee in its sole discretion, determines that progression in the program is inappropriate, the student will be informed in writing and/or by e-mail. The student may appeal the committee's determination to the President within five (5) business days of the receipt of notification of the committee.

The Dean of Students will meet with students denied progression to discuss alternate educational options.

In addition, for those ACPHS degree programs which require the completion of College-supervised experiential education rotations, specific rotation sites may require a student to provide a background check prior to commencement of their rotation at that site. In such cases, ACPHS will provide appropriate instructions for students to begin a background check, and ACPHS will cover the cost of the check. Rotation sites hosting experiential education students may deny a student's participation in the experiential program because of a negative finding, or could result in delayed graduation or in the inability to graduate from the program.

Nothing contained in this policy shall limit or supersede the College's provisions, processes or penalties established pursuant to the Student Disciplinary Code.

ACPHS CRISIS MANAGEMENT PLAN

To assist all members of the Albany College of Pharmacy and Health Sciences community on both the Albany and Vermont campuses, in dealing with an emergency and/or crisis situation, the College has developed a Crisis Management Plan and committee. Although a specific crisis cannot be predicted, we can anticipate that the College community may encounter a wide range of crisis situations over the course of a school year. By following the guidelines that are contained in this plan, the College will be able to most effectively handle an emergency and/or crisis situation, thus maintaining the safest and best possible learning environment for our students and working environment for our employees. It is important to note that each crisis is different and may be handled in a slightly different manner. The Crisis Committee, made up of College administration and staff from both campuses, along with UHA Public Safety, will determine how the crisis will be handled. When required, the committee will defer oversight to law enforcement agencies and/or governmental entities. The guidelines in this plan do not supersede any of the College's rules and regulations or the Student Code of Conduct. They are simply guidelines that will enable members of the College community to effectively deal with an emergency and/or crisis. A complete copy of the Crisis Management Plan is available to College employees from the associate vice president for administrative operations. Students may acquire a summary of the plan from the associate vice president for administrative operations.

DISCLOSING INFORMATION TO THE COMMUNITY

Information related to reported crime and emergencies is essential to a safe campus. The Office of Public Safety has several means of sharing this important information with the community.

In the event of a serious incident that poses an immediate threat to members of the community, a message will be disseminated through the Send Word Now emergency system advising people of the incident and providing instructions that should be followed. This system will be used for “all hazards”, regardless of the nature of the incident. It may be used for crimes, weather emergencies, hazardous material incidents, terrorist incidents or natural disasters. Send Word Now will also be used to update the community and provide an “all clear” message when the incident has been resolved.

The Office of Public Safety will also provide “timely warnings” when crimes occur that pose a continuing threat to members of the community. A continuing threat occurs when a suspect in a crime is not yet identified or is identified but remains at large. These warnings are generally shared by email, voicemail, Blackboard announcement or by posted flyers. In the event that a threat is both immediate and continuing, Send Word Now may also be used.

All crimes reported to the Office of Public Safety will be recorded in the crime log, which is available to the public at 84 Holland Ave., Suite B222. This chronological log of crime on campus is updated each business day and shows crimes occurring over the most recent 60 days. It contains information such as the nature of the crime, its location, date and time, and the disposition of the case.

A fire safety log is also available at the Office of Public Safety. It includes information about all fires occurring at the Albany College of Pharmacy and Health Sciences, including the nature of the fire, its location, date and time. It is updated each business day and shows any fires occurring over the most recent 60 days.

Other sources of information about crimes and fires include the following tables in this document: Crime Statistics, Hate Crimes and Fires. Incident reports may be available to the community in the Office of Public Safety, contingent upon confidentiality requirements and the need for investigative integrity. The US Department of Education also offers this information for all colleges and universities in the country. It is available at Security Survey. The City of Albany crime mapping program, showing the types and locations of crimes occurring throughout the City, is available at Crime Mapping.

EMERGENCY NOTIFICATION AND *SENDWORDNOW*

In the event of an emergency, the College will determine the appropriate notifications that should be made to the College community. The College utilizes an assortment of notification systems. In addition to notification by traditional means such as: fire alarms, public address systems and notification by campus security and or College staff, the College also may notify the community by posting notices on the Internet and /or Intranet; e-mail, and telephone or texting as described in SendWordNow.

SendWordNow is an emergency notification system, which communicates emergency information to the College community on both the Albany and Vermont campuses. SendWordNow enables the College to rapidly alert students,

faculty, staff and administration to emergency situations on or around the campuses. The system allows participants to enter multiple methods of contact information into a single system. By doing so, SendWordNow helps increase the likelihood that students, faculty and staff will receive timely notification of emergency situations, regardless of their location. All students, faculty and staff are encouraged to register multiple contact numbers into the SendWordNow system, but the system is voluntary. In the event of an emergency, SendWordNow simultaneously contacts all of the numbers and e-mail addresses which you have entered into the system. Messages detailing the nature of the event and/or where to receive additional information are delivered instantly via text, e-mail or through an automated voice message, depending on the device. This is an “emergency” system and is intended to be used for time-sensitive situations. It will not be used to communicate “everyday” information. At the beginning of each academic year, new members of the College community will be provided with details of how to provide contact information and returning students are offered the opportunity to update their existing contact information.

FIRE SAFETY AND STATISTICS

In partnership with the New York State Office of Fire Prevention and Control and the University Heights Association’s Office of Public Safety, the Albany College of Pharmacy and Health Sciences has a comprehensive fire safety program. Annual inspections conducted by the OFPC are thorough and intensive, and result in the certification of our facilities as completely compliant with state and local fire codes. Training programs for students, faculty and staff are available through UHA Public Safety. Resident Assistants and Directors attend mandatory fire safety training at the beginning of academic each year. Policies are in place, in student and employee handbooks, that prevent sources of fire. Evacuation policies are practiced regularly through fire drills.

Fire safety systems for ACPHS residence halls are as follows:

- South Hall has extensive emergency lighting and exit signage throughout the building. It has heat detectors and smoke detectors in each room, as well as in common areas, that trigger audible alarms and strobe lighting when activated. The alarms are monitored by a private sector alarm monitoring company who reports the activation of a fire alarm to the Albany Fire Department and UHA Public Safety. South Hall does not have a sprinkler system.
- Notre Dame has extensive emergency lighting and exit signage throughout the building. It has heat detectors and smoke detectors in each room, as well as in common areas, that trigger audible alarms and strobe lighting when activated. The alarms are monitored by a private sector alarm monitoring company who reports the activation of a fire alarm to the Albany Fire Department and UHA Public Safety. The building also has a sprinkler system with heads in each room as well as throughout common areas.
- Holland Suites has extensive emergency lighting and exit signage throughout the building. It has heat detectors and smoke detectors in each room, as well as in common areas, that trigger audible alarms and strobe lighting when activated. The alarms are monitored by a private sector alarm monitoring company who reports the activation of a fire alarm to the Albany Fire Department and UHA Public Safety. The building also has a sprinkler system with heads in each room as well as throughout common areas.
- Princeton Suites has extensive emergency lighting and exit signage throughout the building. It has heat detectors and smoke detectors in each room, as well as in common areas, that trigger audible alarms and strobe lighting when activated. The alarms are monitored by a private sector alarm monitoring company who reports the activation of a

fire alarm to the Albany Fire Department and UHA Public Safety. The building also has a sprinkler system with heads in each room as well as throughout common areas.

Fire safety related incidents for ACPHS residence halls for the years 2008, 2009 and 2010 are as follows:

FIREARMS AND DANGEROUS ITEMS OR SUBSTANCES POLICY

Possession and/or use of firearms and/or other dangerous items including, but not limited to, handguns, rifles, bb guns/rifles, paint guns, pellet guns, sling shots or martial arts weapons, anywhere on the Albany College of Pharmacy and Health Sciences campus is strictly prohibited. This includes College-operated buildings, property or automobiles parked on College property. The possession of a New York or Vermont weapons permit does not authorize the person to have firearms or other prohibited items on campus. If a student has knowledge of any prohibited items, he/she is required to advise the Office of Student Services. Failure to do so will be a violation of College policy. The use or possession of fireworks on campus is strictly prohibited. Any or all chemicals that either can be made to possess or that inherently possess volatile, explosive or dangerous properties are forbidden on campus, except under the academic supervision of a member of the College faculty or a College official.

INSTITUTIONAL LABORATORY SAFETY COMMITTEE

The Institutional Laboratory Safety Committee (ILSC) is an administrative committee responsible for developing and implementing policies and practices that promote a safe work environment for faculty, staff, and students at the College. The Committee coordinates training and disseminates other pertinent information that helps ensure that research and teaching are conducted in as safe a manner as possible. The Committee is also responsible for seeing that appropriate safety equipment is available and that prudent practices are employed in the operation of laboratories at

the College. Students may access the Institutional Lab Safety (ILS) Policy and Practices web page by logging onto Blackboard; click on MY ACPHS tab; then on ILS heading.

INSTITUTIONAL SECURITY POLICIES AND CAMPUS CRIME STATISTICS

In November 1990, the Student Right-to-Know and Campus Security Act was signed into law (Public Law 101-542 as amended by Public Law 102-26). This law, known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, requires educational institutions to publish and distribute an annual security report containing campus security policies and procedures as well as campus crime statistics. This report is published as part of the College Catalog and is available on the College's website at www.ACPHS.edu in compliance with this act. The Clery Act requires that those crimes be further reported according to where the incidents occur. There are four categories for location of criminal activity, defined as follows:

"Campus" means any building or property controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls and, property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor).

"Non-campus building or property" means any building or property controlled by a student organization recognized by the institution, and any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.

"Public property" means all public property, all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution's educational purposes.

"Residence hall" means residential facilities for students on campus.

The Act also requires that crimes that single out an individual because of actual or perceived race, gender, religion, sexual orientation, ethnicity or disability are to be reported according to the category of prejudice and that the number of arrests or referrals to the campus judicial process for violation of alcohol, drug and weapons policies be reported.

MISSING PERSONS

ACPHS, in partnership with the University Heights Association's Office of Public Safety, has a comprehensive policy in place for the investigation of missing persons. Although primarily intended as a safety net for resident students, it may also be used to investigate the disappearance of any student, staff member or faculty member who disappears from campus. It can also be used to assist local law enforcement agencies who are investigating the disappearance of a community member from some off-campus location.

Key elements of the plan include:

- Resident students may identify a confidential emergency contact person who would be notified in the event of a disappearance.
- The confidential emergency contact person and the Albany Police Department must be notified no longer than twenty-four hours after a person is thought to be missing.
- Circumstances such as the possibility of foul play or mental health concerns require the immediate notification of the emergency contact person and the Albany Police Department.

A Memorandum of Understanding is in place between the University Heights Association's Office of Public Safety and the Albany Police Department that clearly sets responsibilities in such an investigation and requires a complete and timely exchange of information between the agencies.

In addition to Public Safety, those who suspect a member of the community to be missing may report that information to:

Vice President for Campus Life and Global Initiatives	518-694-7107
Associate Vice President for Administrative Operations	518-694-7118
Coordinator of Residence Life	518-694-7155

PUBLIC SAFETY ADVISORY COMMITTEE

This committee is comprised of faculty, administration, staff and students from both campuses and it addresses safety and security issues on both the Albany and Vermont campuses. This committee is required by New York State Education Law. The committee is chaired by the University Heights Association director of public safety and reports directly to the president. This committee meets during both the fall and spring semester, and holds additional meetings, as needed. Faculty members are selected by the Faculty Senate. Students are selected by the Student Government Association. Administration and staff are appointed by the president.

REPORTING CRIMINAL ACTIVITY, EMERGENCIES AND SUSPICIOUS BEHAVIOR

All students, staff and faculty of the Albany College of Pharmacy and Health Sciences are encouraged to immediately report to Public Safety any criminal activity, emergency or hazardous situation or suspicious person or behavior as follows:

- Emergencies may be reported by dialing 518-244-3177 or by using any of the emergency phones located directly beneath blue lights. For your safety and protection, all calls made to 518-244-3177 are recorded and are available for instant replay. Although the Public Safety Dispatch Center has direct communication with the Public Safety Answering Points (PSAPs) in both Albany and Rensselaer counties, emergencies may also be reported directly to the Albany Police or Fire Departments by dialing 911 from any campus telephone.
- Please remember that 911 calls made from a cellular phone may not connect the caller to local emergency services and may not locate the caller for emergency services as does a 911 call from a wired telephone.
- Non-emergencies may be reported by calling 518-244-3167 or 518-244-4741.
- Under certain circumstances, confidential reporting of incidents may be available to victims.

ACPHS and the UHA Office of Public Safety encourage that all criminal activity also be reported to the Albany Police Department. Public Safety Officers will assist victims or witnesses in that effort.

Community members may also report criminal offenses to any of the following College administrators:

Vice President for Campus Life and Global Initiatives	518-694-7107
Associate Vice President for Administrative Operations	518-694-7118
Dean of Students	518-694-7307
Director of Campus Life	518-694-7366
Director of Human Resources	518-694-7278
Coordinator of Residence Life	518-694-7155

REPORTING SEXUAL HARASSMENT OR SEXUAL OFFENSES

If you have been the victim of sexual harassment, or of a sexual offense, as a result of the actions of another member of the College community, you are encouraged to report the actions to either the Affirmative Action Officer (694-7298 or Office OB 104D) or University Heights Association Public Safety (244-3177) and/or the Albany Police Department. All of these individuals/offices can assist you in initiating disciplinary procedures against the offender, refer you to counseling resources that are available, report, if warranted, the matter to local police authorities, and assist you in dealing with this incident. If you are uncomfortable reporting the incident to either of these individuals, speak to an advisor, friend, etc. and ask for their assistance.

RESPONSE TO REPORTS

Victims, witnesses and any other persons affected by criminal activity are encouraged to report that activity to the Office of Public Safety immediately. Accurate and timely information is essential to the investigation of any incident. It is the policy of the Public Safety Office to investigate all crimes, complaints and incidents reported. It may also proactively investigate any activity or situation of potential hazard or criminality. When a complaint or report of criminal activity is reported, it is investigated immediately. Depending on the needs of the Colleges, the wishes of the complainant and the severity of the crime, it may also be referred to the appropriate local, state or federal law enforcement agencies. Public Safety and other appropriate Campus offices will also investigate reports of non-criminal activity that violates College policy. The Office of Public Safety cooperates closely with the judicial process at the Albany College of Pharmacy and Health Sciences.

SAFETY AND CRIME PREVENTION PROGRAMMING

Beginning with the College's new student Orientation program, students on both campuses are informed of the numerous actions that the College takes to provide a safe campus for students, faculty, staff, and visitors. Included in this Orientation programming is a session offered by the University Heights Association's Office of Public Safety (UHAPS) for the Albany Campus and Hunter North for the Vermont Campus. Throughout the course of the school year, UHAPS and Hunter North will also provide notices, information sessions and advice on public and campus safety. Also, Resident Life Staff include information about residence hall safety, personal safety, and substance use and abuse as it relates to safety in their programs.

SEX OFFENDER REGISTRY AND ACCESS TO RELATED INFORMATION

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, went into effect October 28, 2002. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders, already required to register in a state, to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. The New York State sex offender registry may be accessed at <http://criminaljustice.state.ny.us/nsor/index.htm>. In addition, the City of Albany maintains a sex offender registry that may be accessed by "Entities of Vulnerable Population." The UHA Office of Public Safety has been so declared and the registry may be accessed through the director of public safety.

SEXUAL ASSAULT POLICY

The sexual assault policy for the Albany College of Pharmacy and Health Sciences is located within the institution's Affirmative Action Policy. It is under constant review by the General Counsel of the institution.

SEXUAL ASSAULT PREVENTION

- *Communicate.* If you do not want to have sex, or are uncomfortable with actions or comments, clearly state it. If a person says “no,” they mean it, regardless of what has occurred in the relationship to this point.
- *Do not abuse alcohol or drugs.* Alcohol and drugs impair your decision making process and sometimes cause confusion. The use of alcohol and drugs drastically increases the chance of being a victim of a sexual crime. Recently, the availability of date-rape drugs like Rohypnol and Gamma-hydroxybutyric acid has heightened the concerns of college students. Both cause sleep and amnesia-like symptoms, impairing a victim’s memory.
- *Do not accept drinks from strangers or casual acquaintances.* Also, do not leave drinks unattended where someone could “spike” your drink.
- *Do not travel alone.* There is strength in numbers. Attend social functions with friends. If you feel threatened or uncomfortable, let someone know.
- *Trust your feelings.* If the situation does not feel right or you feel you are being pressured into something against your better judgment, change the situation or get out of it.
- *Plan ahead.* Do not leave yourself in a situation where you may be stranded with no safe way of getting home from a social function.
- *Be assertive.* When you feel uncomfortable with your companion’s behavior, stand up for your rights.

Information about sexual harassment is included in the Student Handbook, the College Catalog and the College’s Affirmative Action Plan. The College also presents information as part of their Orientation Program. Members of the College community are encouraged to contact the Affirmative Action Officer should they have needs or concerns about this topic. If you are the victim of sexual harassment of any type within the College community, you are encouraged to report the incident(s) to the Affirmative Action Officer or the Student Conduct Officer, via the Dean of Students. You are also encouraged to seek counseling through the Office of Counseling and Wellness at the College. The Director of Counseling and Wellness can also inform you of the additional support services that are available to you in the Capital District.

SEXUAL HARASSMENT

Sexual harassment is a form of sexual discrimination that is illegal under Title VII of the Civil Rights Act for employees and under Title IX of the Elementary/Secondary Education Act for students. Sexual harassment includes, but is not limited to, sexual assault, rape, sodomy, sexual abuse, abusive and/or lewd behavior or language, coercion and intimidation. Although these are the more obvious forms of harassment, other activities such as: offensive physical contact, indecent exposure, persistent requests for social and/or sexual encounters or favors are also forms of sexual

harassment. Sexual harassment involves the use of force or coercion to the point that an individual feels either physically or emotionally powerless. It is a sexual act, either physical or emotional, which is committed against a person without the person's consent.

Often, sexual harassment involves relationships of unequal power. However, sexual harassment may also involve relationships among equals, colleagues or peers.

In addition to complying with all local, state and federal laws regarding sexual harassment, Albany College of Pharmacy and Health Sciences strives to educate all members of the College community about sexual harassment. In doing so, the College is providing a safer environment for students, faculty and staff members. Information regarding definition, prevention, victim's rights and institutional sanctions is disseminated in a number of ways, including: the Student Handbook, Orientation presentations and various pamphlets.

SEXUAL OFFENSES

Separate and apart from sexual harassment are categories of serious conduct of a sexual nature which may lead to the arrest of an individual by state or local police and which may be punishable by fine or imprisonment, or both, under the New York State Penal Law. The most serious of these behaviors include: rape, sodomy and sexual abuse. Other conduct which is punishable as a sexual offense under New York State Law include: sexual misconduct, aggravated harassment, public lewdness, and criminal trespass. Article 130 of the New York State Penal Code sets forth a description of these crimes and their penalties in more detail. For more detailed information, please consult with the Associate Vice President for Administrative Operations or College Counsel.

SEXUALLY ASSAULTED—WHAT TO DO

If you are the victim of a sexual assault, there are several steps that you should take:

- Escape from the situation as quickly and safely as possible.
- Get to a safe place, i.e. your room, a friend's house, the police station or hospital.
- Write down or as much information as you can remember about the incident.
- Leave all evidence exactly the way that it is. This will assist in any criminal investigation.
- Get medical assistance for any injuries that you may have received.
- In the event of a rape, request that the hospital complete a "Rape Kit."
- Report the incident to the proper authorities as soon as possible. If the assailant is a member of the College Community, report the incident to the Vice President of Campus Life or UHA Public Safety.
- Seek counseling, whether you plan to report the crime or participate in legal action. Counseling will be beneficial to you as you work through your reaction to a sexual assault.

VOLUNTARY CONFIDENTIAL REPORTING

If you are the victim of a crime and do not want to pursue action within the ACPHS judicial process or within the criminal justice process, you may want to consider making a confidential report. With your permission, the Director of Public

Safety will cause a report to be filed recording the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the incident confidential, while taking steps to ensure the future safety of yourself and others. With such information, the College can keep accurate records of the number of incidents involving students and staff, determine if and where there is a pattern of crime, and alert the ACPHS community to a potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

APPENDIX A

ACADEMIC INTEGRITY POLICY

Academic integrity is an essential component of successful completion of the educational experience at the Albany College of Pharmacy and Health Sciences. When all members of the College community practice the core principles of academic integrity, the entire institution enjoys the shared benefits of mutual respect, trust, fairness and responsibility. The purpose of this policy is to define the responsibilities of all members of the College community in upholding the principles of academic integrity and to describe the process for dealing with violations of academic integrity. This policy applies to all undergraduate and graduate students enrolled in all programs at the College, in all Schools of the College.

Definition of Academic Integrity

Academic integrity is defined as fair and rigorous behavioral practices that promote academic excellence and are consistent with the educational mission of the College. Upholding the principles of academic integrity, that are fully accepted by the academic community, benefits individuals and the College community as a whole. The core elements of academic integrity include honesty, trust, fairness, respect and responsibility.¹

Responsibilities of Students and Faculty

All members of the College community are responsible for upholding the principles of academic integrity. Students and faculty have a mutual responsibility to create and maintain an educational environment that values honesty in academic work. Within this context, students and faculty have unique roles in helping to achieve this goal.

Student Responsibilities

- Understand and abide by the Academic Integrity Policy and Procedures
- Report suspected violations of academic integrity
- Understand and abide by specific course policies related to the Academic Integrity policy
- Consult faculty for clarification on the academic integrity expectations for each course

Faculty Responsibilities

- Understand and abide by the Academic Integrity Policy and Procedures, including handling and reporting violations of academic integrity according to the process described below
- Set and communicate academic integrity expectations for courses, laboratories, clinics and practice sites, particularly defining the level of collaboration between students that is acceptable
- Integrate methods for reducing opportunities for academic dishonesty within the course
- Direct students to the resources provided by the College to ensure all values of academic integrity are practiced

Violations of Academic Integrity

Academic integrity is violated by any dishonest act which is committed in an academic context. Academic dishonesty may occur in courses, in experiential settings (professional rotations, research laboratories, clinics) or other associated academic activities. Violations of the standards of academic integrity cannot be listed exhaustively, but some of the most common examples are listed below.

Plagiarism: The deliberate attempt to give the reader the impression that the work, words or ideas of others are the author's own, without appropriate reference to the original source. Examples of plagiarism include, but are not limited to:

- Copying, from any source (other students, faculty, electronic or print publications) information word-for-word without using quotation marks, even if the source is referenced in the text or in the works cited page
- Paraphrasing or summarizing another author's ideas or research without giving proper credit
- Submitting a paper or other assignment as original work for more than one course
- Using someone else's production (e.g. writing, artwork, photograph, multimedia, video) without proper citation
- Giving incorrect information about the source of a quotation

Unauthorized Assistance in Course Assessments: The use or attempted use of unauthorized aids, electronic or other, or assistance from others on examinations or other assignments submitted for evaluation

- Unauthorized collaboration in completing assignments or examinations
- Reviewing an unauthorized copy of an exam. (The term “unauthorized” refers to using an old exam explicitly not allowed by the faculty teaching the course, or reviewing an exam or exam questions prior to it being given.)
- Allowing others to copy or use work
- Any action that aids another in violating academic integrity

Communicating False or Dishonest Information

Violating the confidentiality of an academic communication

Intentionally making a false report of academic dishonesty

Dishonesty in requests for make-up exams, extensions of deadlines, or other course matters

Falsification of Records or Identity

Falsification of records, reports, or documents associated with the educational process

Misrepresentation of one’s own or another’s identity in an academic context

Fabrication, falsification, or misrepresentation of data, results, or sources for papers or reports

Actions that destroy or alter another student’s or colleague’s work

Process for Handling Violations of Academic Integrity

Overview

Alleged violations of academic integrity within a course, laboratory, clinic or practice site are reported to and handled by faculty responsible for assigning course grades. Course coordinators should be consulted when alleged violations are reported in a course involving multiple faculty. These faculty are responsible for determining whether violations of academic integrity have occurred, and if a violation has occurred, are responsible for imposing sanctions on the student(s) found in violation. If the faculty member determines a violation has occurred and imposes a sanction, they are then required to complete and submit a report of the incident to the Dean of Students. Accused students who disagree with the faculty decision or sanctions may request review of the case by the Academic Integrity Committee (AIC). The AIC will review the request and make a decision. Students may appeal the decision of the AIC to the Provost, who will make any final determination in such cases. Decisions and reports (if applicable) by faculty on alleged violations will be completed in two weeks from the time it was reported. Review and decisions by the AIC will be completed in 2 weeks from the time the case is forwarded to the committee by the Dean of Students. Review and decisions by the Provost will be completed within 2 weeks from the time the information is forwarded by the Dean of Students. See Appendix B for a summary timeline for the process.*

Reporting a Violation

Any member of the College community may report an alleged violation of the academic integrity policy. Alleged violations of the academic integrity policy should be reported to the faculty member responsible for assigning course grades or the coordinating faculty member. In courses involving multiple faculty, course coordinators should be informed by the faculty member about the alleged violation if it is reported to another faculty in the course. Allegations should be made in writing or through oral communications. Faculty may also identify violations in their own courses. All allegations will be kept in confidence.

Faculty Review and Decision

The faculty member will review the allegation, collect any additional necessary information and make a decision on the merits of the allegation. If the faculty member decides the allegation does not warrant any action, nothing more needs to be done. If the faculty decides the allegation does have merit, he/she contacts the student within one week of making the determination to inform him/her of the allegation and discusses the matter. Course coordinators should also be consulted/informed about decisions related to the accusation. Faculty must make reasonable attempts to notify the accused student(s) of the reported violation.

After consultation with the accused student(s) and review of all available information, the faculty member makes a decision on the case within one week of meeting with the student(s). If the faculty member decides that no violation has occurred, he/she informs the student(s) of this decision and no further action is taken. If it is determined that a violation has occurred, the faculty member decides on an appropriate sanction (See Appendix C for suggested sanctions) and completes the Academic Faculty Report form (Appendix D). The faculty member informs the accused student(s) of the decision and sanction.

A student has the option to accept or reject the decision and sanction(s). When making a decision on these options, the student may consult with his or her academic advisor. Decisions must be made and communicated back to the faculty member within two business days of being presented with the faculty's decision and sanctions.

Option 1: The student accepts the faculty decision and sanction and the faculty member makes note of this acknowledgment on the Academic Integrity Faculty Report form. The faculty member provides a copy of the completed form to the student and submits the completed form to the Office of the Dean of Students. The documents from the case will be kept on record in the Office of the Dean of Students. These documents will be reviewed by the Dean of Students and the AIC to determine if the student has had prior violations, and if so, to decide if further action is warranted. In cases of a second offense, the AIC may decide to impose additional sanctions on the student.

Option 2: The accused student does not accept the decision and/or sanction made by the faculty member. In this case, the faculty member indicates that the student disagrees with his/her decision on the Academic Integrity Faculty Report form, provides a copy to the student and submits the form to the Office of the Dean of Students.

Once the Academic Integrity Faculty Report form is received by the Office of the Dean of Students, the Dean of Students contacts the accused student and provides the student with the Academic Integrity Student Report form (Appendix D). This form must be completed by the student to make a formal request for review of the case by the Academic Integrity Committee (AIC). Requests for review by the AIC must be made no later than 1 week after the student is contacted by the Dean of Students.

Review by the Academic Integrity Committee

Students requesting review of his/her case must complete an Academic Integrity Student Report form (Appendix D). Once completed, the form is submitted to the Office of the Dean of Students. The Dean of Students then forwards the request to AIC, along with the Academic Integrity Faculty Report form filled out by the supervising/coordinating faculty member. If a student fails to complete the Academic Integrity Student Report form within the one week timeframe described above, the case will not be reviewed and the original decision and sanctions made by the faculty member hold.

The committee reviews forms submitted by the faculty member and the accused student. The committee may also request additional information from the student, faculty member or other individuals involved in the incident. AIC then makes a formal decision on the case within one week of receiving the information from the Dean of Students. The committee completes an AIC Report form (Appendix D) and submits it to the Office of the Dean of Students. The decision may be to uphold the original faculty decision and sanctions, reverse the decision, or modify the sanctions. The Dean of Students informs both the student and the faculty member of the committee's decision. All records related to the case will remain in the Office of the Dean of Students.

AIC Committee

The AIC meets regularly each semester to review assessment data on academic dishonesty supplied from the Office of the Dean of Students, and any review requests submitted by students. (A complete description of the committee, with membership and charge is given in Appendix A.) Data on violations of academic integrity are reviewed by the AIC as a means to monitor multiple violations by a single student and to assess the number of instances and types of violations that occur at the College and to make recommendations about changes to the policy.

Appeal to the Provost

A decision reached by the Academic Integrity Committee (AIC) may be appealed by the accused student. The student must appeal in writing to the Provost, within one week of the receipt of the AIC's decision. The Dean of Students will forward all materials related to the case to the Provost for review. The Provost may reverse prior decisions, or uphold in whole or in part such prior decisions. The Provost informs the student, faculty and the Dean of Students of the final decision in the case.

Records of Violations of Academic Integrity

All violations of academic integrity are documented. The documentation is kept in the office of the Dean of Students. The data may be used in making decisions regarding student privileges such as committee appointments, honors, admissions and progression for programs at the College, internships and externships.

All documents and correspondences related to accusations and violations of the academic integrity policy will be kept strictly confidential. All individuals involved in the case and with access to the documents are required to comply with FERPA regulations.

Adjustments to the Proposed Timeline for Review and Resolutions of Cases

The process of review and appeal associated with a reported violation of academic integrity, if necessary, is expected to be completed in 7 weeks or less during a regular academic semester. Cases that do not require review or appeal are expected to be

completed in 3 weeks or less. However, if cases arise at the end of a semester, during semester breaks or holidays, or if other extenuating circumstances exist, an extension of time to complete the process may be required. In these instances, accused students or coordinating/supervising faculty may request an extension of the timeline to the Dean of Students. In these instances, the Dean of Students will develop an estimated timeline for completion of the process and inform the faculty and student of the timeline. Every effort will be made to expedite the process as quickly as possible. In instances where course or other grades are time sensitive, grades of “incomplete” may be assigned until the issue is resolved.

1. For more information regarding the fundamental principles of academic integrity, see the Center for Academic Integrity at Clemson University at <http://www.academicintegrity.org>.

APPENDIX A: Academic Integrity Committee

Description and Membership

- The Academic Integrity Committee will be a faculty committee and reports to the Faculty Senate. The Academic Integrity Committee will be made up of 4 faculty (2 members from SOPPS with one member from Vermont, 1 member from SOAS and 1 member from SOHS, no term limits, elected by the faculty of each School), and 4 students (2 members from SOPPS with one member from Vermont, 1 member from SOAS and 1 member from SOHS, no term limits, selected by the students of each School). The Dean of Students and the Assistant Dean of Students for the Vermont campus serve as ex-officio members of the committee. All members of the committee, except the Dean and Assistant Dean of Students have regular voting rights. Only in the event of a tie, the Dean of Students will vote on cases that occur on the Albany campus and the Assistant Dean of Students for Vermont will vote on cases that occur on the Vermont campus.

Charge

- The committee regularly reviews data on academic dishonesty and uses this data to inform the Faculty Senate and to make recommendations to the appropriate bodies for prevention measures or education. This data will include the number and types of violations occurring on campus, the sanctions given, the number of student-requested reviews, the number and type of decisions from the AIC and the number and outcomes of further appeals to the Provost. The committee will provide regular reports to the College community on the collected data.
- The committee reviews requests (AIC Request form) made by students who reject decisions made by faculty. The committee will review written data from the faculty member and the accused student using the provided forms (Appendix D). A decision is made based on written evidence contained in these forms and other evidence, as requested. The committee will inform the Dean of Students of their decision, who will then inform the student and the accusing faculty member, in writing, about the decision
- The committee reviews any second offenses of academic dishonesty. The data of these offenses will be provided to the committee from the Office of the Dean of Students, where all of the records are kept. In these cases of second offenses, the committee may decide to impose additional sanctions on the student.
- The committee will have regularly scheduled meetings (at least 3 per semester), to accommodate their charge (i.e. review any AIC Review Requests, look at assessment data, and review any second violations).

APPENDIX C

AFFIRMATIVE ACTION POLICY

Article I General Policy Considerations

Section 1.01 Purpose:

To provide all members of the Albany College of Pharmacy and Health Sciences (ACPHS) community with equal opportunities regardless of race, color, sex, sexual preference, age, religion, creed, national origin, marital status, Vietnam Era Veteran status, disabled Veteran status or disability. To take affirmative steps to encourage and assist in the process of bringing minorities and women into every facet of the College's society.

Section 1.02 Application:

This policy applies to all employees and students.

Section 1.03 Definitions:

- (a) Minorities include: Blacks, not of Hispanic Origin; Hispanics; Asians and Pacific Islanders; Native Americans and Alaskan Natives.
- (b) Blacks, not of Hispanic Origin: Persons having origins in any of the Black racial groups of Africa.
- (c) Hispanics: Persons of Mexican, Puerto Rican, Cuban, Central/South American or other Spanish culture or origin, regardless of race.
- (d) Asian or Pacific Islander: A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. Examples of these areas include: China, India, Japan, Korea, the Philippine Islands, and Samoa.
- (e) Native American or Alaskan Native: A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.
- (f) Disabled: Any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.
- (g) Disabled Veterans and Veterans of the Vietnam Era:
 - Disabled Veterans: Persons entitled to disability compensation under laws administered by the Veterans Administration for disability rated at 30 percent or more, or a person whose discharge or release from active duty was for a disability incurred or aggravated in the line of duty.
 - Vietnam Era Veterans: Persons who served on active duty for a period of more than 180 days, any part of which occurred between August 5, 1964 and May 7, 1975, and were discharged or released with other than a dishonorable discharge, or were discharged or released from active duty for a service-connected disability if any part of such active duty occurred between August 5, 1964 and May 7, 1975 and were discharged or released within forty-eight months preceding the alleged violation of the act.
- (h) Discrimination: To distinguish, determine, consider, favor, treat differently, treat unequally, be motivated by or act on the basis of a distinguishing characteristic, category, trait, heritage or condition. Not all forms of discrimination are prohibited. For example, ACPHS customarily discriminates on the basis of competency. Discrimination on the basis of certain impermissible considerations including race, color, sex, sexual preference, age, religion, creed, national origin, marital status, Vietnam Era Veteran status, disabled Veteran status or disability, is illegal.
- (i) Sexual Harassment: Sexual harassment is a form of discrimination and is illegal as a violation of Section 703 of Title VII of the Civil Rights Act of 1964, as amended. Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, or, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individuals, or (3) such conduct has the purpose or effect of substantially interfering with an

individual's work performance or creating an intimidating, hostile or offensive business or learning environment. Sexual harassment is a form of sex discrimination. It occurs in a variety of situations that share a common element: the inappropriate introduction of sexual activities or comments into the work or learning situation. Often, sexual harassment involves relationships of unequal power, and contains elements of coercion—as when compliance with requests for sexual favors becomes a criterion for granting work, study or grading benefits. However, sexual harassment may also involve relationships among equals, as when repeated sexual advances or demeaning verbal behavior have a harmful effect on a person's ability to study or work in the academic setting. Activities such as: comments repeatedly emphasizing the sexuality or sexual identity of an individual; or persistent requests for social-sexual encounters and favors; or physical contact of an offensive nature; or indecent exposure; or realized sexual encounters; or sexual crimes.....constitute sexual harassment when they are of such severity as to create a hostile work or learning environment, or are requested in exchange for a change in the students, or employees conditions of learning or employment, the latter being referred to as quid pro quo sexual harassment. Examples of quid pro quo sexual harassment are where one or more of the following terms or conditions accompanies demands or requests for sexual favors:

- Explicit or implicit promises of rewards for cooperation via misuse of institutional authority, e.g. to affect a subordinate's admission/ employment, academic/professional advancement, financial aid/ salary, grades/ performance ratings, graduation/tenure, etc.
- Explicit or implicit threats of punishment for non-cooperation via misuse of institutional authority, e.g. to affect a subordinate's admission/employment, academic/professional advancement, financial aid/salary, grades/ performance ratings, graduation/tenure, etc.
- Intimidation which creates a hostile or offensive academic/business environment; interferes with an individual's scholastic/work performance; prevents an individual's full enjoyment of educational/professional opportunities; or induces conformance, stress, anxiety, fear or sickness on the part of the harassed person.

Article II Policies

Section 2.01 Affirmative Action:

(a) It is the policy of ACPHS that all persons be provided equal opportunities regardless of race, color, sex, sexual preference, age, religion, creed, national origin, marital status, Vietnam Era Veteran status, disabled Veteran status or disability. There will be no discrimination against any student or employee or applicant for employment or admission to any position for which she/he is qualified.

(b) ACPHS commits itself to Affirmative Action and will make major efforts to increase the number of minority members, women or disabled individuals in the student body, faculty and staff. We will seek to expand opportunities for these individuals at all levels of the College. While maintaining high standards of excellence, ACPHS will continue to broaden its pool of available minority, disabled and women candidates for positions on the faculty, staff and in the student body. We will, furthermore, endeavor to graduate men and women with a commitment to affirmative action and to help make equal opportunity a reality in our society.

(c) This policy applies to all aspects of the employment relationship including advertising, recruitment, hiring, transfers, training, promotion, compensation, separation, wage and salary administration, as well as to all construction, vending and procurement activities. It requires that all employment decisions and human resource policies be administered solely on the basis of an individual's ability and qualifications without regard to race, color, sex, sexual preference, age, religion, creed, national origin, marital status, Vietnam Era Veteran status, disabled Veteran status or disability.

Section 2.02 Discrimination:

(a) ACPHS is committed to a business and learning environment that is free of discriminatory intimidation or harassment. Discrimination on the basis of race, color, sex, sexual preference, age, religion, creed, national origin, marital status, Vietnam Era Veteran status, disabled Veteran status or disability, is illegal. Such conduct will not be tolerated.

Section 2.03 Sexual Harassment:

(a) The exploitation of institutional, academic or supervisory authority to sexually harass students, faculty, or staff members is a form of illegal sex-based discrimination in violation of Title IX of the Education Amendments Act of 1972 and of Title VII of the Civil Rights Act of 1964. Such conduct will not be tolerated.

(b) To avoid the potential for sexual harassment and conflict of interest, it is the policy of the College that no intimate relationship should exist between supervisor (or evaluator) and subordinate or between teacher and student. If a sexual relationship develops in such a situation, the supervisory authority and/or responsibility for grading, evaluation, etc. should be transferred promptly to another individual.

Section 2.04 Protection of Complainants against Retaliation:

(a) Retaliatory action against any person filing a complaint of any type of discrimination, including sexual harassment, is strictly prohibited. The Affirmative Action Advisor to the President (the "Advisor"), while attempting to mediate any sexual harassment complaint, will establish mutually agreed upon safeguards against retaliation as a part of the settlement.

(b) In addition, retaliatory action against any individual or group for participating in, or cooperating with, an investigation or complaint of discrimination under these procedures is strictly prohibited.

Section 2.05 Restrictive Membership Clubs:

Official functions of ACPHS will not be held in clubs or other facilities that maintain restrictive membership requirements relating to race, color, sex, sexual preference, age, religion, creed, national origin, marital status, Vietnam Era Veteran status, disabled Veteran status or disability. In addition, ACPHS will not pay for membership in such clubs, nor any bills or expenses incurred at such clubs.

Article III Sanctions

ACPHS, in its sole discretion, shall determine appropriate sanctions to be imposed on individuals found to be engaging in sexual harassment, or a violation of any other of the policies hereby established. Examples of possible sanctions are warning letters to personnel or student discipline files; poor job performance ratings impacting upon salary, work assignment, promotion and contract renewal, job termination or suspension or expulsion of a student.

Article IV Affirmative Action Advisor to the President**Section 4.01**

The Affirmative Action Advisor to the President shall be appointed by the President and shall serve at the pleasure of the President.

Section 4.02

College. Initially discuss the factors of the case separately with the complainant and the respondent and discuss the possible actions to be taken. At these meetings, the Advisor will give copies of the Discrimination Complaint Procedure and the Appeal Procedure to the complainant and to the respondent.

- (h) Within six (6) ACPHS business days of receipt of the preliminary determination, the respondent or complainant may provide to the Advisor a written response to the preliminary determination of the Advisor either admitting or disputing the determination made or the findings and bases for the findings made by the Advisor. Matters not denied shall be deemed admitted. Respondent's and complainant's responses, if any, shall promptly be provided to the Committee.

support or dispute, with an outline of any additional evidence to be offered at the hearing in support of their position including a list of proposed witnesses.

(d) If the Committee has determined that no hearing should be conducted, the complainant or respondent may request a hearing. Such request shall be made within three (3) business days of notification of the Committee's initial determination that no hearing will be held. Said request shall be delivered to the Advisor who shall promptly provide copies to the Committee and to the other party, the complainant or respondent as the case may be. The request shall specify the portions of the preliminary determination and/or recommended sanctions which they support or dispute, with an outline of any additional evidence to be offered at the hearing in support of their position including a list of proposed witnesses.

(e) Within three (3) days of receipt of the request, the other party may file with the Advisor a response thereto which shall specify the portions of the preliminary determination and/or recommended sanctions which they support or dispute, with an outline of any additional evidence to be offered at the hearing in support of their position including a list of proposed witnesses.

(f) The Committee has sole discretion to determine if a hearing is necessary or if the matter can be decided on the basis of the record without a hearing. In the event the Committee, after considering the request for a hearing and the response thereto, reverses its initial determination and determines to hold a hearing, the Chair shall select a Panel in accordance with the procedures set forth above.

(g) Within three (3) ACPHS business days of receipt of the notice identifying the members of the Panel, the complainant and respondent will each be allowed to disqualify one person from the Panel if so desired. If an individual is disqualified, the Committee Chair will appoint another member of the Committee to serve on the Panel. The Chair shall endeavor to replace an Administration/Staff member with another Administration member, a faculty member with a faculty member and a student member with a student member where possible, but if not possible the Chair may appoint another member of the Committee to replace a disqualified member of the panel.

(h) The record before the Panel upon which it shall base its recommendation to the President will be comprised of the:

- Submissions of the parties;
- Any testimony taken during the hearing;
- Any documents or other evidence submitted and accepted by the Panel;
- All records or material reviewed by the Advisor in reaching a determination on the complaint but excluding materials such as interpretations or analyses prepared by the Advisor in the case.

(i) The Advisor shall prepare and give the record to the Panel except for information or testimony to be taken during the hearings. In addition, she/he shall make a copy of the record available for review by the complainant and respondent.

Section 5.04 Conduct of the Hearing:

(a) The Panel shall give the parties written notice of the date, time and place of the first session of the hearing. If possible, this notice will be given seven (7) ACPHS business days prior to the first session, but in no event will less than three (3) business days notice be given.

(b) The respondent(s) and the complainant(s) have the right to be represented or aided by a member of the ACPHS community.

(c) A transcript will not be kept unless the Panel determines otherwise. Proceedings will be recorded.

(d) The Panel hearings shall be closed.

(e) All parties, participants and witnesses will observe strict rules of decorum.

(f) The Panel will strive to conduct the hearing as expeditiously as possible. Any rulings made during the course of the proceeding shall require the approval of at least two members.

(g) The order of presentation on the matters to be examined in the hearing shall be as follows: the appellant or her/his representative first offer evidence in support of the appeal followed by the adverse party, followed by the Advisor if the Advisor determines additional evidence should be brought to the attention of the Panel. Complainant, respondent or the Advisor may present evidence through witnesses, documentation or in a narrative manner. Five copies of all documents offered shall be made available by the party offering the document, such that there is a copy for the complainant, respondent, Advisor and each Panel

member. All documents shall be identical to the original. The complainant, respondent and the Advisor shall each have the right to cross exam witnesses and to challenge the authenticity, or relevance of other evidence.

(h) Complainant, respondent and the Advisor shall have the opportunity for rebuttal in the same order. Additional rebuttal by each side may be permitted at the discretion of the Panel. This procedure may be altered if the Panel believes that orderly development of the issues requires a different method of examination.

(i) Neither complainant, respondent or the Advisor or their representative(s) are to discuss the proceedings with members of the Panel unless the Panel is meeting as a body. This does not, however, preclude Complainant, respondent or the Advisor or her/his representative from reviewing with the Panel Chair purely technical matters such as the names of witnesses or the nature of documents to be introduced at a hearing.

(j) The Panel is not bound by the rules of evidence, or by the rules of law relating to due process, and its determinations shall not be challengeable when made in good faith. Neither complainant or respondent shall be entitled to be represented by an attorney. When new matters, not set forth in the submissions of the parties prior to the hearings, or in the notices from the Committee or the Panel to the parties, are raised at the hearing, the parties shall be afforded a reasonable opportunity to prepare and to respond to the new material, and the Panel may in its discretion, but is not required to, refer the matter to the Advisor for reconsideration. Discussion of the matter by the members of the Panel, including discussion of procedural matters, should be limited to occasions when the Panel is meeting as a body.

(k) In the conduct of the hearing, its deliberations and its determinations the Panel should be sensitive to the interests of both the complainant and the respondent, but that if it shall determine that a preponderance of the credible evidence establishes a violation of the policy, its first duty is to the College to assure that appropriate action is taken to redress the situation and to assure that such violations of this policy do not recur.

Section 5.05 Findings and Decisions:

(a) The panel's recommendation shall require the approval of at least two members. Written dissenting or concurring opinions are permitted and shall be submitted with the recommendation.

(b) The Panel shall render its written recommendation to the Chair of the Committee within thirty (30) ACPHS business days after it received the record from the advisor or from the conclusion of the hearing, where a hearing was held.

(c) The Chair of the Committee shall submit the panel's recommendation to the President within six (6) College business days after the issuance of the Panel's recommendation.

(d) Within twenty (20) ACPHS business days after receipt of the recommendation from the Panel, the President, or his/her designee, shall issue in writing a decision on the case, and shall inform all parties, the Advisor and the Chair of the Committee of the decision, and the basis for the decision. The Chair of the Committee shall notify the Committee of the decision. The President shall not be required to adopt the determination or recommendations of the Panel or of the Advisor.

(e) The President's decision along with the Panel's recommendations shall be made available to all parties in the proceeding.

(f) The President's decision shall be final.

ALCOHOL AND OTHER DRUG ABUSE PREVENTION POLICY / VIOLATIONS POLICY

The Albany College of Pharmacy and Health Sciences strongly encourages self reporting of nicotine, alcohol and other drug abuse. Resources exist to assist and support individuals that have recognized this issue and have come forward seeking help. The College provides clinical services through the Office of Counseling and Wellness to address the mental health issues that typically underlie substance use and abuse, as well as recommending and coordinating services with licensed substance abuse treatment centers throughout the Capital District. Additionally, the College supports the Initiative on Substance Abuse Prevention (ISAP) Committee, which is comprised of students, faculty, and staff and has the mission of providing educational and preventive outreach throughout the ACPHS Community. Initiatives include the annual Substance Abuse Awareness Week as well as providing workshops and having information available for groups and individuals in a variety of formats. The College provides the broadest level of confidentiality allowed. Individuals seeking voluntary assistance prior to allegations of policy violation may be subject to alternative steps and sanctions than those in place for persons who are alleged to be in violation of the policy.

If an ACPHS student is alleged to be in violation of these policies, in accordance with the Student Disciplinary Code they may be required to meet with the Director of Counseling and Wellness (or other licensed professional) for an assessment. Based upon that assessment, the Director of Counseling and Wellness (or designee) can recommend additional interventions/evaluations to be completed by an approved licensed agency at the individual's expense. Additional action may be required when allegations involve illegal or controlled substances. All ACPHS students are informed that if allegations are made against them indicating that they are using illegal substances, then pursuant to the Student Disciplinary Code they may be required to meet with the Director of Counseling and Wellness and may be required to complete a substance abuse assessment with appropriate follow-up administered by an approved licensed agency at the student's expense. Note: These steps represent those taken following an allegation of illegal substance use and do not necessarily apply to individuals who are voluntarily seeking services prior to an allegation or policy violation.

Exporting can occur when hardware or software is provided to persons or entities outside the United States, and may require a license. The exportation of networking code or encryption code is restricted. You may not allow access to a restricted machine to persons or entities outside of the United States. Please be aware when posting information to a bulletin board, that data will probably cross the border. If you have any questions on the legality of transmissions over the borders of the United States, please seek legal counsel;
- Violating any laws or participating in the commission or furtherance of any crime or other unlawful or improper purpose, including: use of system resources to commit a crime (embezzlement, harassment, blackmail, etc.); theft of computer related materials; theft of computer services (for example you may not use any pay service without paying); cracking passwords;
- Violating copyrights and other intellectual property rights. Whenever you are shipping software from one place to another, you must consider intellectual property and license issues. You should assume all software, graphic images, music, and the like are copyrighted. Copying or downloading copyrighted materials without the authorization of the copyright owner is against the law, and may result in civil and criminal penalties, including fines and imprisonment.

The College reserves the right in its sole discretion to remove from the network and/or from any Web page hosted on the network, any material which is not related to the work of the individual or to research being conducted by the individual or any material which in the College's belief adversely affects the mission of the College.

VIOLATION OF THESE POLICIES MAY LEAD TO SUSPENSION OR LOSS OF PRIVILEGE AND MAY LEAD TO EXPULSION OR TERMINATION OF EMPLOYMENT

Reports of unauthorized use or misuse of the resources will be investigated. In the event that use is determined to be contrary to College policy or applicable law, appropriate measures will be taken. These measures may include, but are not limited to, permanent or temporary suspension of user privileges, deletion of files, disconnection from the ACPHS network, referral to student or employee disciplinary processes, expulsion or termination of employment.

APPENDIX G

COPYRIGHT AND P2P FILE SHARING IN COMPLIANCE WITH THE HIGHER EDUCATION OPPORTUNITY ACT (HEOA)

This policy (also referred to as the P2P Policy), sets forth ACPHS' procedures to reduce the illegal uploading and downloading of copyrighted works through peer-to-peer (P2P) file sharing. ACPHS uses a wide variety of methods to inform students, faculty and Staff about copyright law and ACPHS policies. This Policy should be read in conjunction with ACPHS' Computer Use Policy.

Both Policies provide that violating copyrights and other intellectual property rights is prohibited. You should assume all software, graphic images, music, and the like are copyrighted. Copying or downloading copyrighted materials without the authorization of the copyright owner is against the law, and may result in civil and criminal penalties, including fines and imprisonment.

Upon notification of a claim that any material resident on the system infringes a copyright or other intellectual property right the College reserves the right to:

- remove, or disable access to, the material that is claimed to be infringing or to be the subject of infringing activity;
- deny computer privileges and access to the alleged infringer.

Illegal activities may be reported to local, state or federal authorities, as appropriate, for investigation and prosecution.

This Policy shall be posted on-line on the website of General Counsel. Further, ACPHS shall make an annual disclosure that informs students that:

- the illegal distribution of copyrighted materials may subject them to criminal and civil penalties;
- violation of this policy constitutes a violation of the Student Disciplinary Code and subjects students to the procedures and penalties set forth in that code;
- violations of this policy will subject faculty and staff to disciplinary action in accordance with the provisions of the Faculty Handbook and the Employee Handbook respectively.

ACPHS encourages all members of the ACPHS community, student, staff and faculty to use lawful means of acquiring and distributing copyrighted materials such as those set forth in Exhibit B to this policy.

ACPHS uses technology-based deterrents to combat the unauthorized distribution of copyrighted set forth in Exhibit C to this Policy. The IT Department shall monitor use of ACPHS internet and intranet resources to detect and report violations of this policy and to determine whether this policy effectively combats the unauthorized distribution of copyrighted material.

Exhibit A to P2P Policy

ACPHS uses a wide variety of methods to inform students, faculty and Staff about copyright law and ACPHS policies. Students are informed during orientation about ACPHS policies. Also ACPHS' IT Department provides a copy of this P2P policy when they receive their computers. This Policy with all ACPHS policies are made a part of the on-line Student Handbook and are also available on the College's General Counsel's website.

Exhibit B to P2P Policy

There are many legal sources for copyrighted material such as music and movies. They have a wide range of business models; some are free and some charge a nominal fee. The Motion Picture Association of America (<http://www.mpa.org/>) maintains a compendium of legal sources for films and TV programs, in addition to many available commercial download websites for music Music Outfitters, Inc. <http://www.musicoutfitters.com/resources.htm>) maintains a compendia of legal sources for downloadable music.

Exhibit C to P2P Policy

This policy defines ACPHS's strategy for identifying and prioritizing network traffic to provide a fair and equitable amount of bandwidth for all users.

The policy is divided into three sections. They include bandwidth & traffic shaping, P2P file sharing, and online gaming. The bandwidth & traffic shaping section defines the terms used and explains why traffic shaping and traffic blocking is necessary. The P2P file sharing section covers in some detail why P2P file sharing is not recommended and why it needs to be blocked. The online

gaming section details how gaming may be affected and also attempts to answer some common gaming related support questions.

Section I: Bandwidth & Traffic Shaping

What is bandwidth & how does it affect ACPHS?

Bandwidth refers to the amount of information that can flow in and out of the network. To further define the term “bandwidth,” as it relates to this article, bandwidth will specifically refer to ACPHS’s internet connection and not the connections between internal network components. ACPHS has a very fast internal network and network analysis has shown that congestion is very rare within the internal ACPHS network. Congestion may occur at ACPHS’s point of connection to the internet though. Because of this, ACPHS must manage its bandwidth carefully.

How much bandwidth does ACPHS have for its internet connection?

ACPHS currently has a 50Mb connection to the internet. In an attempt to provide an acceptable level of bandwidth for academic purposes, ACPHS manages this internet connection using a technique called traffic shaping.

What is traffic shaping?

Traffic shaping (also known as “packet shaping”) is an attempt to manage computer network traffic in order to optimize or guarantee performance, low latency, and/or bandwidth by delaying packets. More specifically, traffic shaping is any action on a set of packets (often called a stream or a flow) which imposes additional delay on those packets such that they conform to some predetermined traffic rule or profile.

ACPHS has a traffic shaper installed between the internal network and the internet. All network traffic that goes out to the internet or comes in from the internet will go through the traffic shaper appliance.

Why does ACPHS need to manage internet traffic?

ACPHS needs to provide an acceptable level of bandwidth for academic purposes and at the same time provide a fair and equal of amount of bandwidth for all of its users. The core academic needs include the Blackboard Academic Suite, ACPHS email, ACPHS’s public facing websites, off-campus web proxy service, faculty and student research, daily web searching, and others. Without traffic shaping in place, other less critical services and applications could dominate the internet connection and cause performance issues with our everyday academic needs.

Section II: P2P File Sharing

How does P2P file sharing affect ACPHS’s network?

Peer-to-peer file sharing networks include BitTorrent, Gnutella, KaZaA, Ares, BearShare, Morpheus, LimeWire, and many others. ACPHS strongly recommends that users do not install P2P software on their computer(s) and/or participate in file sharing services. There are many reasons why this is not recommended.

Legal & Ethical:

First and foremost, most of the available content is copyrighted and being distributed without the permission of the owner. The college is responsible for obeying the Digital Millennium Copyright Act. Complaints under this act come primarily from the recording and movie industries. There are actually documented cases of lawsuits being brought against individuals sharing files themselves and universities as a whole.

Increased Infection Risk:

Many viruses/spyware and computer related infections are spread by opening up or installing files that have been obtained through a P2P network. This puts the individual’s computer and the college’s internal network at risk. In many virus related computer repairs, the ACPHS Computing & Technology Support Center has also found a P2P program installed.

Poor Computer Performance:

ACPHS’s Computing & Technology Support Center has found over the years that in many cases, one of the sources of poor computer performance relates back to a P2P program installed and running in the background, acting as a server.

Bandwidth Hog:

P2P traffic is designed to use any and all available bandwidth possible. This could severely affect the performance of ACPHS's core academic needs as well as daily web searching needs. We can all agree that nothing is more frustrating than waiting for a webpage to load.

Does ACPHS block file sharing (P2P) traffic?

Yes, ACPHS's firewall will block P2P traffic. In addition to the reasons listed above, ACPHS needs to provide an acceptable level of bandwidth to its core academic needs., Network analysis has shown that if ACPHS did not block P2P traffic, then that traffic would likely saturate the internet link and cause very serious performance issues with academic related activities.

Section III: Online Gaming

Does ACPHS block online gaming traffic and ports?

Yes, ACPHS does block online gaming traffic. This includes network traffic for PC games and gaming consoles (Nintendo Wii, Microsoft XBOX 360, and Sony Playstation 3).

Please see the Why does ACPHS need to manage internet traffic section above for a list of some of the core academic applications.

Does ACPHS provide support for online gaming issues?

No, the ACPHS-IT department or the campus Computing & Technology Support Center does not provide assistance or support for troubleshooting online gaming issues.

Why do some games/consoles work, but others do not?

In the past, there have been reports that some online games may be played and perform very well. Others, may be played, but with high latency (high ping rating). Still, others may not be able to be played at all, usually due to a server connection failure.

This difference in experience from game-to-game and console-to-console can likely be attributed to each game/consoles design and requirements. Each game/console likely uses different internet protocols, TCP/IP port numbers, and vendor specific designs and techniques to establish a connection to the online game server. Also, some games/consoles require specific NAT (Network Address Translation) configurations. So at the end of day, some games/consoles may work well over the ACPHS network and some may not.

Can ACPHS open or forward the port that my game requires?

No, ACPHS cannot and will not open or forward TCP/IP ports on the internet firewall. Doing so would make ACPHS more vulnerable to an attacker out on the internet. By opening or forwarding a port, you're offering an attacker a way into ACPHS's internal network. Once inside, the attacker could then attempt to exploit any security holes that might exist.

Can ACPHS change the NAT configuration for my game/console?

No, ACPHS cannot change the NAT (Network Address Translation) configuration or provide a static NAT for non-ACPHS owned devices on the internal network for several reasons.

First, similar to the affect that opening ports has (as described above), changing the NAT configuration to a more open state could make ACPHS more vulnerable to an attacker out on the Internet.

Second, our ISP only provides us with a limited pool of public IP addresses (this is typical of any organization). There is simply not enough to provide everyone with a statically mapped public IP address.

And third, constantly changing port and firewall configurations and troubleshooting gaming/console connection issues would create a lot of extra administrative work. The ACPHS-IT department simply does not have the manpower to support all of the frequent network changes that would be required.

Are there any other internet connection options available to me?

Yes there is another option. Time Warner Cable offers a cable based internet service package called RoadRunner. Since Time Warner Cable provides the residence dorms with cable TV service, the wiring and infrastructure is already in place to take advantage of RoadRunner.

ACPHS has actually worked closely with Time Warner Cable to come up with a plan that will offer ACPHS students living on-campus a discounted monthly rate for RoadRunner. For pricing information and ordering details, please see the RoadRunner Internet Service Technical Reference Document. This is located on the ACPHS Information Technology Blackboard Website.

Reviewing Effectiveness

Beginning in 2010-2011 and periodically thereafter, the CIO and the Director of Networking/Telecomm will review the process for awareness, and effectiveness. We will analyze the impact of our technical efforts to combat illegal file sharing, and other aspects of our plans to combat the unauthorized distribution of copyrighted materials. Semi-annually, the CIO will send an email to students, faculty, and staff notifying them about their responsibilities under copyright law and about the web site www.wcsu.edu/technology/copyright.asp. The Vice President of Campus Life will notify students by memo on copyright laws and campus policies related to violating such law.

APPENDIX H

HAZING POLICY

No individual or group may haze another at any time, including initiation into any organization or at the time of affiliation with an organization. Hazing is defined as any action or situation created, whether on or off College premises, to produce mental or physical discomfort, embarrassment or ridicule and includes any action or situation that recklessly or intentionally endangers mental or physical health, or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization. Examples of such activities and situations include, but are not limited to: physical brutality; paddling in any form; forced consumption of food, alcohol or other drugs; creation of excessive fatigue; required calisthenics; "kidnapping"; physical and psychological shock; publicly wearing apparel that is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; assignment of illegal activities or activities that may be morally offensive to individual pledges; activities that normally are not performed by the active membership; and any other activities that are not consistent with organization ritual or policy; law; or the regulations and policies of Albany College of Pharmacy and Health Sciences. Soliciting, directing, aiding, attempting to aid, or abetting another person engaged in hazing is also prohibited. Hazing is prohibited by and prosecuted pursuant to the Student Disciplinary Code, set forth in this Handbook. Hazing is also a violation of New York and Vermont Criminal Law.

APPENDIX I

NOTIFICATION RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) affords students certain rights with respect to their education records. They are:

(1) The right to inspect and review your student education records within 45 days of the day Albany College of Pharmacy and Health Sciences (ACPHS) receives a request for access. Students should submit to the Registrar written requests that identify the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. ACPHS will respond to reasonable requests for explanations and interpretations of the records.

(2) The right to request an amendment of your student education records that you believe are inaccurate, misleading, or otherwise in violation of your privacy rights. FERPA, however, only allows students to challenge and correct "ministerial errors" in their records, not to bring substantive claims regarding the reasons for a particular notation having been made. Students may ask ACPHS to amend a record that they believe is inaccurate or identify the part of the record they want changed, and specify why it is inaccurate or misleading. If ACPHS decides not to amend the record as requested by the student, ACPHS will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in your student education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to ACPHS officials with legitimate educational interests. An ACPHS official is a person employed by ACPHS in an administrative, supervisory, academic, research, or support staff position, or a person or company with whom ACPHS has contracted (such as an attorney, auditor, security personnel or collection agent or an enrollment or degree verification service, and includes the National Student Clearing House, the New York State Board of Pharmacy and similar licensing authorities, and NAPLEX); iParadigms, LLC developers of Turnitin; a person serving on the Board of Trustees of ACPHS; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another ACPHS official in performing his or her tasks. An ACPHS official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional or job responsibilities.

(4) The right to refuse to permit the designation of any or all of the following categories of personally identifiable information, hereafter "directory information," which is not subject to the above restrictions on disclosure and may be disclosed by the College at its discretion:

- name and campus e-mail address;
- city, town or village and state or country of residence;
- class, anticipated date of graduation, major field of study, including the college, division, department, or program in which the student is enrolled;
- participation in officially recognized activities and sports;
- weight and height of members of athletic teams;
- the most recent educational institution attended and previous educational institutions attended and dates of graduation therefrom;
- honors and awards received, including selection to a Dean's list or honorary organization, photographic, video or electronic images of students taken and maintained by ACPHS;
- marital status and spouse's name;
- parents' names and city, town or village and state or country of their residence.

Any student wishing to exercise this right must inform the ACPHS Registrar in writing, by completing a form available in the Registrar's office, within two weeks of the date you receive this notice, of the categories of personally identifiable information which are not to be designated as directory information with respect to that student.

(5) The right to file a complaint with the U.S. Department of Education concerning alleged failures by ACPHS to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
US Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920
Phone: (202) 260-3887

APPENDIX J

SIGN / FLYER POLICY

Definition: A sign is any non-permanent written or graphic material on paper, cardboard, chalkboard, cloth or other, placed on public display for the purpose of advertising or information dissemination. A flyer is considered a sign, as defined above, except distributed individually, i.e. through the student mailboxes.

- Signs or flyers must not contain anything of a nature directly maligning any group or person. Albany College of Pharmacy and Health Sciences reserves the right to remove signs deemed to be in poor taste, in unsightly condition, conveying inaccurate information or in violation of this policy.
- All signs and flyers must have the name of the person or group posting the sign or flyer, as well as the date of posting. The sign or flyer also must include the date of event.
- Before posting, all club and organization signs and flyers must be approved by the club's congress officer. Signs or flyers should be submitted to the officer for approval no later than one week prior to the advertised event. Approved signs/flyers should be posted in an area designated for on campus announcements.
- Signs and flyers by or for off campus activities must be submitted to the Office of Student Services for approval no later than one week prior to the advertised event. Approved signs/ flyers should be posted in an area designated for off campus announcements.
- Properly posted signs must not be removed prior to the event(s) advertised by anyone other than a College official unless the group or person who posted the sign authorizes such removal. Signs remaining on bulletin boards must be removed by the groups that posted them within one school day following the event.
- Signs may not be posted in such a way as to cover or obscure signs already on display. No sign may be posted in an unreasonable quantity in any particular space (one sign per event, per bulletin board).
- Signs and flyers cannot contain pictures associated with alcohol in any regard (i.e. Jell-O shots, pong tables, flip cup table, etc.) If the event takes place at an off campus venue with an approved NYS Liquor License, the sign or flyer may contain wording about the type of bar (i.e. open bar vs. cash bar) with explicit wording that those age 21 and over with proper ID are allowed to participate. The words and letters on the sign or flyer that pertain to the alcohol cannot be larger and cannot be shown out of context with the other words or letters on the flyer.
- Special permission to hang signs in non-designated areas may be obtained from a student services representative.
- Signs placed in ACPHS residence halls are at the discretion of the director of residence life and must comply with these rules. Persons wishing to hang signs in these areas must have prior permission from the coordinator of residence life.
- Restricted Areas. There are some bulletin boards that are considered "reserved" for certain groups or College departments. These areas are to be monitored by the group/ department having jurisdiction over that bulletin board, and may be restricted to containing only information pertaining to that group/department. The signs on these restricted areas must comply with this policy.

Potential outcome of sign/flyer policy violations include:

1. Immediate removal of signs;
2. Disciplinary action, either of offending group/organization or individual(s). Sanctions may include restriction of advertising, restriction of funds, restriction from scheduling or attending on-campus or College-sponsored activities, a fine system or referral to the Student Code of Conduct Committee. Rules and sanctions may be enforced by the coordinator of student activities, vice president for campus life, dean of students, president of the Student Government Association and the president and/or dean of the College.

APPENDIX K

STUDENT COMPLAINT PROCEDURE

In the event that a student feels that he/she is being treated unfairly by the College or a member of the faculty, staff or administration, the student should follow the student complaint procedure in an effort to resolve the issue(s). All complaints against the College should be reported to the individual at the College who is directly responsible for that particular area. If the student is not satisfied with the response, they should follow this procedure to resolve the issue.

Where the complained-of conduct constitutes discrimination or sexual harassment, a complaint should be made as provided for in the College's Affirmative Action Policy (See appendix section).

1. Student should first address the issue directly with the employee involved in the situation.
2. If not satisfied with the outcome, the student should address the issue with the employee's direct supervisor, the department leader, director or vice president.
3. If not satisfied with this outcome, the student should contact the ombudsman, a designated member of the faculty, and submit his/her complaint in writing to the ombudsman. Contact the Dean for Students in Albany or the Assistant Dean for Students in Vermont to find out the identity of the ombudsman. The ombudsman will work with all parties involved in an effort to resolve the issue.
4. If not satisfied with this outcome, the student should address the issue with the Dean of Students in Albany or the Assistant Dean for Students in Vermont.
5. All written complaints and records related to the case will be forwarded to the Provost at this time. As a final step, the Provost will attempt to resolve the issue between the parties. The Provost's decision is the final step in the grievance process. Should there be a conflict of interest the Provost may turn the case over to the president for a final decision.
6. All records will be kept in the Office of Student Affairs on the Albany Campus or the office of the Assistant Dean for Students on the Vermont Campus.

Article IV: Judicial Policies

A. Charges and Hearings

1. Any member of the College community, hereafter referred to as the "Complainant" may file charges against any student, hereafter referred to as the "Accused Student" for misconduct. Charges shall be prepared in writing and directed to the Associate Registrar. Any charge should be submitted as soon as possible after the event takes place and forwarded to the Associate Registrar. The Associate Registrar will notify the Accused Student in writing of the charges. The Accused Student may, but is not required to, respond to the charges in writing. Such response shall be given to the Dean of Students within five (5) business days of receipt by the Accused Student of the charges.

2. The Associate Registrar shall designate from the faculty or administrative members of the Student Conduct Committee a member to act as the Student Conduct Officer with respect to such charges and will forward the charges, and all written documents related to the case, to the assigned Student Conduct Officer. The Student Conduct Officer will conduct an investigation to determine whether the charges allege a violation of this code and whether evidence exists to support the charges. The Student Conduct Officer, in his/her sole discretion, then determines if the charges can be disposed of administratively, including dismissal for lack of evidence or because the alleged misconduct does not constitute a violation of this Code, or by mediating between the parties involved and achieving a resolution acceptable to the parties and to the Student Conduct Officer. A mediated resolution shall be final and there shall be no subsequent proceedings. Other administrative resolutions can be appealed.

3. If the initial charges cannot be disposed of administratively:

- a. The Student Conduct Officer may decide the case at the request of the Accused Student; or
- b. The case shall be presented to the Student Conduct Committee for decision at the request of the Accused Student; or
- c. The case shall be presented to the Student Conduct Committee if the Student Conduct Officer having been asked by the Accused Student to decide the case, in his/her own discretion declines.

4. At the start of each semester, the Student Conduct Committee, in conjunction with the Associate Registrar, will designate times and locations for Student Conduct Committee cases to be heard. These times will be bi-weekly (unless they occur on a day when the College is not in session, i.e. legal holiday). When it is determined that the case shall be presented to the Student Conduct Committee for decision, the Student Conduct Officer shall set a time and place for a hearing to be held not less than five (5) nor more than twenty-one (21) business days after receipt by the Accused Student of notification of the time and place of the hearing, provided such hearing date shall be when the College is in session and shall not be during the period of final exams or during the week before final exams. If the hearing cannot be scheduled in accordance with the foregoing because it would occur when the College is not in session or would occur during the period of final exams or during the week before final exams, the Student Conduct Officer shall set

the hearing for a date not less than five (5) business days after the commencement of the next College session. The College shall be deemed in session whenever any course is offered by the College on College premises. Time limits for scheduling of hearings may be extended or modified at the sole discretion of the Student Conduct Officer provided the Accused Student consents thereto.

5. The Student Conduct Officer shall develop procedural rules for the conduct of the hearing that are not inconsistent with provisions of the Student Code. The Student Conduct Officer shall preside over the Hearing. The Student Conduct Officer and the Student Conduct Committee have the right to question the Accused Student, the Complainant and any witnesses in an effort to obtain evidence and reach a decision. Hearings shall be conducted by a Student Conduct Committee according to the following guidelines:

- a. Hearings normally shall be conducted in private. See subdivision k of this paragraph. Admission of any person to the hearing shall be at the discretion of the Student Conduct Officer, provided, however, the Complainant, Accused Student and their advisors, if any, shall be allowed to attend the entire portion of the hearing at which information is received (excluding deliberations).
- b. In hearings involving more than one Accused Student, the Student Conduct Officer, in his or her discretion, may permit the hearings concerning each Accused Student to be conducted separately or jointly.
- c. The Complainant and the Accused Student have the right to be assisted by an advisor they choose from within the College community. Where the Accused Student is also charged by a governmental entity with violation of a federal, state or local law the advisor may be a legal representative from outside the College Community. Advisors are not permitted to speak or to participate directly in the hearing.
- d. The Complainant, the Accused Student and the Student Conduct Committee may identify witnesses who can give testimony relevant to the facts in dispute. The Complainant, and/or the Accused Student shall identify such requested witnesses at least two (2) business days prior to the hearing. Such identification shall contain a written summary of the proposed testimony and a statement as to why it is relevant to the facts in dispute.
- e. The Student Conduct Officer shall determine in his/her sole discretion those persons who will give testimony at the hearing.
- f. The Student Conduct Officer will try to arrange the attendance of witnesses who are members of the College community, if reasonably possible, and who are identified at least two (2) business days prior to the hearing.
- g. Witnesses will provide information to and answer questions from the Student Conduct Committee. Questions may be suggested by the Accused Student and/or Complainant to be answered by each other or by other witnesses. Such suggestions will be made to the Student Conduct Officer rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. The Student Conduct Officer determines in his/her sole discretion whether to pose such suggested questions to the witness, or to modify or alter such suggested questions.
- h. When special knowledge in a particular field might be helpful to the Student Conduct Committee, a person having special training or experience in that field, hereafter called an expert witness, may, in the sole discretion of the Student Conduct Officer, be permitted to state his or her opinion concerning those matters even though he or she has no direct knowledge of the facts in dispute. Where a party to the proceeding or the Student Conduct Committee seeks to offer expert testimony, they shall give at least three (3) business days notice to the Student Conduct Officer. Said notice shall disclose in reasonable detail the subject matter on which the expert is expected to testify, the substance of the facts that the expert assumes in reaching his or her opinion, the opinion and the reasons therefore, and the qualifications of the expert witness. The Student Conduct Officer shall immediately provide copies of such notice to all other parties and the Student Conduct Committee.
- i. Non-expert witnesses are only permitted to testify about facts they observed and not their opinions about these facts.
- j. Witnesses who are not available locally during the time of the hearing, may provide their testimony by conference call provided that not less than forty eight (48) hours prior to the scheduled hearing they shall have submitted a notarized affidavit, setting forth their unavailability, their willingness to participate by conference call and a telephone number at which they can be reached during the hearing.
- k. Pertinent records, exhibits, affidavits and written statements may be accepted as evidence for consideration by a Student Conduct Committee at the discretion of the Student Conduct Officer. Where any educational records of the Accused Student or other

student are admitted into evidence, they shall not be shown or published to persons other than on the Student Conduct Committee or other persons authorized by law to see such records, except with the consent of the student whose records are being admitted. The Student Conduct Officer shall instruct all persons given access to educational records of the legal prohibitions concerning redisclosure.

- l. All procedural questions are subject to the final decision of the Student Conduct Officer.
- m. After the hearing, the Student Conduct Committee shall determine (by majority vote; the Student Conduct Officer shall not have a vote) for each act of misconduct that the Accused Student is charged with, whether the Accused Student so acted and thereby violated the charged section of the Student Code, and the appropriate sanction(s) for the misconduct. In determining appropriate sanctions the Student Conduct Committee may consider past violations of the Code by the Accused Student.
- n. The Student Conduct Committee's determination shall be made on the basis of whether it is more likely than not that the Accused Student violated the Student Code.
- o. At the discretion of the Student Conduct Officer, the Associate Registrar may be present at the hearing to assist with procedure.
- p. The Student Conduct Officer, Committee and the Associate Registrar reserve the right to consult with College Counsel at any time, and College Counsel, at the discretion of the Student Conduct Officer, may be present at the hearing for consultation on both substantive and procedural matters.

6. There shall be a single verbatim recording, such as a tape recording, of the hearing. The recording, together with pertinent records, exhibits, affidavits and written statements accepted as evidence, shall be the Official Record of the hearing. The Official Record shall be the property of the College, and shall be preserved for a period of seven (7) years.

7. No Accused Student may be found to have violated the Student Code solely because the Accused Student failed to appear before a Student Conduct Committee. In all cases, the evidence relevant to the charges shall be presented and considered even in the absence of the Accused Student.

8. The Student Conduct Officer may accommodate concerns for the personal safety, well-being and/or fears of confrontation of the Complainant, Accused Student and/or other witness during the hearing by providing separate facilities, by using a visual screen and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement or other means, as determined in the sole judgment of Student Conduct officer.

9. Decisions made by a Student Conduct Committee and/or a Student Conduct Officer shall be final, unless appealed.

 - a. Warning - A notice in writing to the Accused Student that the Accused Student is violating or has violated institutional regulations.

In such instance the matter shall be remanded to the Student Conduct Committee for consideration of the additional evidence.
3. The Appellate Board will endeavor to render a decision to be made by majority vote within thirty (30) days of receipt of the Official Record of the hearing.
4. If an appeal by the Accused Student is upheld by the Appellate Board, other than by reason of the existence of new evidence, the matter may be remanded to the original Student Conduct Committee and Student Conduct Officer to allow reconsideration of the original determination and/or sanction(s), or the original determination may be amended, or the charges may be dismissed, or the original sanctions voided or the sanction(s) can be lessened or increased.
