The FAFSA is processed by the United States Department of Education and students eligibility is determined using the Expected Family Contribution (EFC).

In addition to the FAFSA, students (and/or their parents if dependent) will complete applications as needed. Loan Programs - Promissory Note. In all programs, with the exception of FSEOG, eligibility is not determined and students are not selected by the institution. With the FSEOG program, students are selected each quarter based upon established unmet need for that quarter. Academy College's FIRST SELECTION GROUP will be those students who are eligible for Pell. At quarter end, if funds are remaining, Academy College will award to students with the lowest EFCs who are not eligible for the Federal Pell Grant until remaining funds are expended.

STUDENTS' RIGHTS & RESPONSIBILITIES

SATISFACTORY PROGRESS REVIEWS

APPLICATION OF STANDARDS

Satisfactory Academic Progress standards apply to all students enrolled in an Academy College program.

WHAT IS SATISFACTORY ACADEMIC PROGRESS?

Satisfactory Academic Progress (SAP) refers to the evaluation of a student's progress at key points in his or her academic program. Students achieve satisfactory academic progress as long as they meet their course schedule and academic criteria as described in this section.

Academy College monitors student progress in accordance with the policies, procedures, and/or regulations of the school itself, the Minnesota Higher Education Services Office, and the Accrediting Council for Independent Colleges and Schools.

WHAT ARE CREDITS EARNED VS. CREDITS ATTEMPTED?

"Credits earned" refers to the courses and credits students complete and earn during the quarter; "credits attempted" are the credits that a student has been charged for all or part of the fee per credit, regardless of whether or not the student completes the course. Failing grades and course withdrawals will affect quarterly satisfactory academic progress and may place students in academic jeopardy.

DEFINITION OF AN ACADEMIC YEAR IS A MINIMUM OF:

- 36 quarter credits
- 30 weeks

SATISFACTORY ACADEMIC PROGRESS

QUARTERLY EVALUATION

QUARTERLY ACADEMIC WARNING

Students will be evaluated quarterly based on the cumulative grade point averages and successful completion of credits attempted. The components are:

1. A cumulative grade point average (GPA) of 2.0 or greater.
2. A cumulative completion ratio of 67% or greater of credits earned versus credits attempted.

SATISFACTORY ACADEMIC PROGRESS

QUARTERLY EVALUATION - CONT'D

QUARTERLY ACADEMIC WARNING - CONT'D

> Satisfactory Academic Progress–Academic Warning (SPA)

If a student does not meet the quarterly, cumulative academic standards, s/he will be placed on Satisfactory Academic Progress–Academic Warning status (SPA) for the following quarter. If the student corrects his or her academic problem during the advisory quarter, s/he would re-establish satisfactory academic progress and be reinstated as a regular student. The student would receive financial aid during this advisory period.

> Satisfactory Academic Progress–Probation (SPP)

If the academic problem is not corrected during the Academic Warning quarter, the student will be placed on Satisfactory Academic Progress–Probation status (SPP). If the student corrects his or her academic problem during the probationary quarter, s/he would reestablish satisfactory academic progress and be reinstated as a regular student. This student would continue to receive financial aid during this probationary period.

However, if the student is academically unsuccessful during the SPP probationary period, s/he would be disenrolled from Academy College.

> Conditional Enrollment–Academic Warning (CEP)

Students with orientation examination scores below the required minimum score may be admitted to Academy College under Conditional Enrollment–Academic Warning (CEP) status. Conditional enrollment is granted at the discretion of the Director of Education. Students who are admitted may receive financial aid funding. If students meet satisfactory progress standards, the CEP status will be removed and students will be placed on regular student status. If students do not meet academic standards, they will follow the satisfactory academic progress quarterly evaluation process.

STUDENTS' RIGHTS & RESPONSIBILITIES

SATISFACTORY ACADEMIC PROGRESS EVALUATIONS

SATISFACTORY ACADEMIC PROGRESS CUMULATIVE EVALUATION

Students must complete their entire program within one and one half times the program length. The maximum time frame is determined by multiplying the student's program length in quarter credits by 1.5. To meet satisfactory academic progress, students must earn the following cumulative GPAs and successfully complete the percentage of credits for which they have enrolled during the quarter:

Key Evaluation Point in Academic Program	Minimum Cumulative GPA	Minimum % of Credits Earned vs. Credits Attempted	If Satisfactory Academic Progress Is Not Achieved
25%	1.25	55%	90 Day Probation (SPC)
End of first academic year	1.25	55%	90 Day Probation (SPC)
50%	1.50	60%	Dismissal (STD) OR Extended Enrollment (SPE)
End of second academic year	2.0	67%	Dismissal (STD) OR Extended Enrollment (SPE)
End of third academic year	2.0	67%	Dismissal (STD) OR Extended Enrollment (SPE)
100% OR End of fourth academic year	2.0	67%	Dismissal (STD)

CUMULATIVE ACADEMIC WARNING

- > Satisfactory Academic Progress - 90 day Probation (SPC)
Students not achieving minimum standards—either cumulative GPA or completion rate—at the required evaluation point (see table) will be placed on Satisfactory Academic Progress for 90 days - Probationary status. The student would receive financial aid during this period.

If the student meets the academic criteria at the end of the probationary quarter, s/he would re-establish satisfactory academic progress and be reinstated as a regular student. If the student is unsuccessful, the student will be reevaluated. If this is a non-mandatory dismissal point, the student will remain on probation. If not, s/he would be dismissed from Academy College.

- > Satisfactory Academic Progress - Dismissal (STD)
Students not achieving minimum standards—either cumulative GPA or completion rate—at a mandatory dismissal evaluation point will be dismissed from school. Probation would not be allowed at this point.
- > Satisfactory Academic Progress—Extended Enrollment (SPE)
In the event of dismissal, students may request in writing an Extended Enrollment Status, which means that they may re-take failed courses and/or practice previously learned skills at their own expense for one quarter to re-establish satisfactory academic progress. Students cannot exceed one and one-half times the program credits attempted in an extended enrollment status and receive the original academic credential for which he or she has enrolled. Students exceeding the maximum time frame may receive a certificate of completion.

If, during the extended enrollment status, students improve the cumulative GPA or meet the required percentage level of credits earned versus credits attempted, they may be reinstated by Academy College with a Satisfactory Academic Progress - Probation (SPC) status for one quarter. If students do not meet satisfactory academic progress during the probationary period, they will be dismissed from Academy College.

During the Extended Enrollment period, students will be charged tuition, but they are not eligible for federal and/or state financial aid funds.

APPEAL PROCEDURE & MITIGATING CIRCUMSTANCES

A student who disagrees with the application of the satisfactory progress standards or feels that there are mitigating circumstances to warrant the waiving of satisfactory standards may appeal in writing to the Director of Education. This appeal must be filed within two weeks after being placed on probation or dismissal.

An Appeals Committee will review the request and respond in writing. The decision of the Appeals Committee is final and may not be appealed further.

The Director of Education may waive satisfactory standards for circumstances of poor health, family crisis, or other significant occurrence outside the control of the student. Students must document and demonstrate that these circumstances had an adverse impact on their satisfactory progress in the academic program. No waivers will be provided for graduation requirements.

INCOMPLETE GRADES

Students attending a minimum of 75% of a course may be assigned a grade of "I" from his/her instructor based on excused incomplete work that must be made up within two weeks of the course completion date. Students attending less than 75% of a course will receive a grade of "W" from his/her instructor.

The instructor will submit an Incomplete only if there is a compelling reason such as documented illness or family emergency, and the student agrees to complete the work within two (2) weeks after the course ends. If the incomplete work is not completed within this time frame, the grade will be changed from "I" to the grade earned in the course before the extension was granted, or to an "F." The course will then be calculated as a course attempted for purposes of determining satisfactory academic progress and cumulative GPA.

COURSE DROP

Students may officially drop a course if they give notice in writing to the college. If students elect to drop a course (based on the withdrawal notification date) after attending more than one (1) week of a class session, but less than 75% of the course, a "W" will be recorded on their transcript with no points earned. Students cannot drop a course if they have attended 75% or more of class based on the withdrawal notification date.

PASS/FAIL GRADES

In aviation flight labs and Internships, students are evaluated on a pass/fail basis. These courses are included in the student's GPA and are included as credits attempted when Academy College evaluates Satisfactory Academic Progress.

LEAVE OF ABSENCE

The administration may grant students a leave of absence. If granted, the student must comply with the leave of absence regulations. Standards of satisfactory academic progress will not be affected during an approved leave of absence. (See page 47 of the catalog)

COURSE REPETITIONS

If students fail courses, they may make them up at their own expense. Students must earn a "D" or higher in a repeat course to meet program requirements. Both the original course and the repeated course will count as credits attempted in the calculation of successful course completion percentage and both grades will remain on the student's transcript.

REMEDIAL COURSES

Academy College does not offer remedial courses, other than GH0900, Fundamentals of English as a Second Language.

TRANSFER OF CREDIT

Grades received from credits that are transferred into Academy College are not computed in the GPA. Transfer credits are not used in the evaluation of a student's satisfactory academic progress.

Title IV refund purposes:

Students who give official notice to the college, in writing or orally, the withdrawal date is the date the school received the notice.

Students who do not officially withdraw from the college, the withdrawal date is the last day of attendance, last day of academic action or 50% of the quarter, whichever is later.

CALCULATION OF THE AMOUNT OF TITLE IV EARNED BY THE STUDENT

The amount of Title IV grant or loan assistance that is earned by the student is calculated by determining the percentage of Title IV grant or loan assistance that has been earned by the student.

This percentage is applied to the total amount of Title IV grant or loan assistance that was disbursed (and that could have been disbursed) to the student, or on the student's behalf, for the payment period. Any funds that could have been disbursed (postwithdrawal disbursement) will be identified by type and amount of Title IV funds that make up the postwithdrawal disbursement that is not credited to the student's account.

If outstanding charges exist on the student's account, the college may credit the student's account with all or a portion of the postwithdrawal disbursement, up to the amount of the outstanding charges.

Students who give official notice to the college the percentage of Title IV grant or loan assistance that has been earned by the student is equal to the percentage of the payment period that the student completed as of the student's withdrawal date; if this date occurs on or before completion of 60 percent of the payment period; or 100 percent, if the student's withdrawal date occurs after completion of 60 percent of the payment period.

Students who do not officially withdraw from the college the percentage of Title IV grant or loan assistance that has been earned by the student based on the last day of attendance or last day of academic action will be 50 percent; if this date occurs on or before completion of 60 percent of the payment period. If the student's withdrawal date occurs after completion of 60 percent of the payment period 100 percent will be earned. *(continued on next page)*

The percentage of Title IV grant or loan assistance that has not been earned by the student is calculated by determining the complement of the percentage of Title IV grant or loan assistance earned by the student as described above.

The unearned amount of Title IV assistance to be returned is calculated by subtracting the amount of Title IV assistance earned by the student from the amount of Title IV aid that was disbursed to the student as of the date of the institution's determination that the student withdrew.

RETURN OF UNEARNED AID, RESPONSIBILITY OF THE COLLEGE

The college must return, in the Order of Return of Title IV Funds, the lesser of:

- The total amount of unearned Title IV assistance to be returned as calculated; or
- An amount equal to the total institution charges incurred by the student for the payment period multiplied by the percentage of Title IV grant or loan assistance that has not been earned by the student.

"Institutional charges" are tuition, fees, room and board (if the student contracts with the college for the room and board) and other educationally-related expenses assessed by the college.

RETURN OF UNEARNED AID, RESPONSIBILITY OF THE STUDENT

After the college has allocated the unearned funds for which it is responsible, the student must return assistance for which the student is responsible in the order specified under Order of Return of Title IV funds.

The amount of assistance that the student is responsible for returning is calculated by subtracting the amount of unearned aid that the college is required to return from the total amount of unearned Title IV assistance to be returned. The student (or parent in the case of funds due to a PLUS loan) must return or repay, as appropriate, to:

- Any Title IV loan program in accordance with the terms of the loan; and
- Any Title IV grant program as an overpayment of the grant; however, a student is not required to return 50 percent of the grant assistance that is the responsibility of the student to repay.

A student who owes an overpayment remains eligible for Title IV, HEA program funds through and beyond the earlier of 45 days from the date the college sends a notification to the student of the overpayment, or 45 days from the date the college was required to notify the student of the overpayment if, during those 45 days the student:

1. Repays the overpayment in full to the college; or
2. Enters into a repayment agreement with the college in accordance with repayment arrangements satisfactory to the college; or
3. Signs a repayment agreement with the college with the Secretary, which will include terms that permit a student to repay the overpayment while maintaining his or her eligibility for Title IV, HEA program funds.

Within 30 days of the date of the college's determination that the student withdrew, a school must send a notice to any student who owes a Title IV, HEA grant overpayment as a result of the student's withdrawal from the college.

A student who owes an overpayment is ineligible for Title IV, HEA program funds:

- If the student does not meet the requirements on the day following the 45-day period; or
- As of the date the student fails to meet the terms of the repayment agreement with the school or the Secretary entered into in accordance of this section.

A student who is ineligible regains eligibility if the student and the Secretary enter into a repayment agreement.

DRUG FREE SCHOOL POLICY ~ MN CAREER COLLEGE ASSN STATEMENT ~ HEALTH RISKS

DRUG FREE SCHOOL AND WORK PLACE POLICY

Preamble to the Drug Free School and Work Place policy for the Academy College hereafter referred to as the "college", "institution", or "we".

This college embraces the spirit of the public law that requires colleges to provide a drug free campus and work place. The college will abide by the law as outlined in the accompanying policy. As part of our institutional philosophy we are dedicated to the advancement and well being of the population we serve. As such, all students and employees are encouraged to abstain from the use of illegal drugs and irresponsible use of alcohol.

The college recognizes that drug and alcohol abuse and dependence can cause harmful effects to virtually every aspect of a person's life: i.e., relationships, family, job, school, physical and emotional health.

Any student or employee, who suspects either they or someone else may be at risk, is invited to seek services, which can be of help.

The college maintains drug and alcohol education information and a list of counseling and support services, which can be obtained in the administrative office.

We have also designated a contact person (s) who is available to hear concerns regarding drug and alcohol use, offer referrals, advise and inform on drug and alcohol education services in the community. Issues discussed with the contact person will be kept confidential.

You may contact your Program Coordinator, an Instructor you feel comfortable with or Mary Erickson, Director of Administration.

MN CAREER COLLEGE ASSOCIATION STATEMENT DRUG-FREE SCHOOLS & WORK PLACE POLICY

In accordance with the Drug-Free Schools and Communities Act amendments of 1989, Public Law 101-226, this institution is hereby declared a drug and alcohol free school and work place.

STUDENTS AND EMPLOYEES are prohibited from the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance or alcohol anywhere on property belonging to the college including grounds, parking areas, anywhere within the building (s), or while participation in school-related activities. Students or employees who violate this policy will be subject to disciplinary action up to and including expulsion or termination of employment.

As a condition of enrollment or employment, students and employees must: abide by the terms of the policy or; we will take one or more of the following actions within 30 days with respect to any student or employee who violates this policy by:

1. Reporting the violation to law enforcement officials.
2. Taking appropriate disciplinary action against such student or employee, up to and including expulsion or termination of employment.
3. Requiring such student or employee to participate in a substance abuse rehabilitation program approved for such purposes by a federal, state, local health, law enforcement or other appropriate agency.

In compliance with the law, this college will make a good faith effort to maintain drug and alcohol free awareness program.

The following facts, health risks, and actions associated with unlawful use, possession, or distribution of illicit drugs and alcohol is provided by the Minnesota Prevention Resource Center. We consider the content an integral part of our drug-free school and work place policy.

The Federal Government has recently taken a number of legal steps to curb drug abuse and distribution. These anti-drug laws will affect several areas of our lives. For instance, the Department of Housing and Urban Development, which provides public housing funds, has the authority to evict residents found to be involved in drug-related crimes on or near the public housing premises. Businesses with federal contracts are subject to loss of those contracts if they do not promote a drug-free

environment. In our particular situation, students involved with drugs could lose their eligibility for financial aid. Further, they could also be denied other federal benefits, such as veteran's benefits, disability, retirement, health, welfare, and Social Security. Finally, a record of a felony or conviction in a drug-related crime may prevent a person from entering certain career fields.

Drugs and alcohol are highly addictive. Drugs and alcohol are highly injurious to the person and can cause harmful effects to virtually every aspect of a person's life, i.e., relationships, family, job, school, physical and emotional health. People who use drugs and alcohol may lose their sense of responsibility, become restless, irritable, paranoid, depressed, inattentive, anxious, or experience sexual indifference, loss of physical coordination and appetite, coma, convulsions, or even death.

Persons who use drugs and alcohol face not only health risks, but also their ability to function in their personal and professional lives can be impaired as well. Some examples of this are a hangover, or a feeling of being "burnt out," being preoccupied with plans for the next drink or "high", or slowed reflexes that can be especially dangerous while driving. Alcohol related driving deaths are the top killer of 15 to 24 year olds.

There are danger signals that could indicate when someone is in trouble with drugs or alcohol:

- inability to get along with family or friends
- resistance to discipline at home or school
- uncharacteristic temper flare-ups
- getting into a "slump" at work or school
- increased "secret" type behavior
- increased borrowing of money
- abrupt changes in mood or attitude
- a complete set of new friends

We recommend that any person observing any of the above changes in either staff or students immediately notify the contact person named in this policy, or anyone else in authority at the college.

A MATTER OF FACTS

INFORMATION ABOUT ALCOHOL AND OTHER DRUGS

(Prepared by the Minnesota Prevention Resource Center, Minnesota Institute of Public Health, for the Chemical Dependency Program Division, Minnesota Department of Human Services)

HEALTH RISKS

ASSOCIATED WITH USE/ABUSE OF ALCOHOL & OTHER DRUGS

About this pamphlet: We are confronted almost daily with stories about problems caused by the abuse of alcohol and the use of other drugs. Employers and educational institutions, among others, are working to prevent people from becoming harmfully involved in chemical use/abuse. Prevention works best when information is used by individuals to make personal decisions in their own best interest. To make such decisions we need reliable and honest information about alcohol and other drugs and the risks associated with use. This pamphlet is intended to provide some of the information you need to make your personal decisions about alcohol and other drugs.

For more information about alcohol and other drug prevention, contact the Minnesota Prevention Resource Center at (612) 427-5310 or 1-800-247-1303.

THE FACTS:

- Marijuana is the common name for the hemp plant, Cannabis Sativa. A marijuana cigarette (joint) is composed of dried particles from the hemp plant.
- The psychoactive ingredient in marijuana is tetrahydrocannabinol (THC). The amount of THC in a joint is what affects the user. THC is used medically as an anti-nauseate for cancer patients receiving chemotherapy.
- Today's marijuana is more potent than the pot of the 1960's.
- Hashish or hashish oil are derivatives from the cannabis sativa plant and produce similar effects as marijuana.

POSSIBLE SIGNS OF USE/ABUSE OF MARIJUANA:

- Increased heart and pulse rate
- Bloodshot eyes
- Increased appetite

THE FACTS:

- Cocaine is extracted from the leaves of the South American coca plant.
- Cocaine is a white powder that can be inhaled, injected, or smoked (free based).
- Cocaine stimulates the central nervous system, increasing alertness and activity.
- In order to extend a seller's supply and profits, cocaine sold on the streets is often mixed with other substances such as sugar, salt, cornstarch or possibly other drugs. Its unknown purity content increases the dangers of using cocaine.
- Cocaine is an addictive drug.
- Initially, users of cocaine experience a "high". But when the "high" wears off, a devastating "low" follows. To avoid this "low" users are often compelled to use more.

POSSIBLE SIGNS OF USE/ABUSE:

- Narrowing of blood vessels
- Increased blood pressure, heart rate, breathing rate, and body temp.
- Decreased appetite
- Insomnia
- Runny nose

Cocaine babies may suffer strokes, have malformed kidneys and genitals, and may be at risk for seizures or sudden infant death syndrome

CRACK

(rock, readyrock)

THE FACTS:

- Crack is a smokeable form of cocaine. It acts as a central nervous system stimulant.
- Smoking crack provides intensified cocaine effects because higher doses of the drug reach the brain with more immediacy.
- Crack is extremely addictive. The instant "high" crack provides is followed by a "low" that leaves the user craving for more.

POSSIBLE SIGNS OF USE/ABUSE OF CRACK:

- Euphoria
- Alertness
- Increase pulse rate, body temp, & blood pressure
- Excitability
- Decreased appetite
- Oily skin

- Addiction
- Psychosis
- Heart failure
- Coma
- Convulsions
- Death
- For pregnant women: miscarriages, stillbirths, or premature delivery. Babies exposed to crack (crack babies) are irritable unresponsive. Crack babies may suffer from heart failure, have malformed kidneys and genitals, and may be at increased risk for seizures or sudden infant death syndrome (SIDS).

CAFFEINE

Caffeine may be the world's most popular legal drug. It is a white, bitter, crystal-like substance found in coffee, tea, cola, and chocolate. It is also found in products such as aspirin, nonprescription cough and cold remedies, diet pills, nonprescription stimulants (such as No Doz or Vivarin), k and some street drugs. Small doses of caffeine may; increase the user's metabolism, body temperature, and blood pressure. Other effects include frequent urination, increased blood sugar levels, tremors, impaired coordination, decreased appetite, delayed sleep and boredom. Extremely high doses may cause nausea, diarrhea, sleeplessness, headache and nervousness. Poisonous doses of caffeine rarely occur but may result in convulsions, respiratory arrest and death.

TOBACCO

Tobacco is used in a variety of ways. It is smoked through pipes, cigars and cigarettes. Tobacco is also chewed and inhaled in the form of snuff. Nicotine is the active ingredient in all forms of tobacco. Nicotine stimulates the heart and central nervous system. Nicotine causes an increased heart rate and blood pressure, dilated pupils, and increased salivation. Possible health risks of smoking tobacco include arteriosclerosis, emphysema, chronic bronchitis, heart disease, and lung cancer. Possible health risks of chewing or inhaling tobacco include oral cancer, decreased taste sensation and ability to smell, and dental problems.

CSA SCHEDULE DRUGS:

The Controlled Substance Act (CSA) places drugs in one or more of five categories for schedule(s) based on eight criteria including the drug's abuse potential and accepted medical use. Alcohol and tobacco are not included as CSA schedule drugs. Schedule II, III, IV, and V drugs have accepted medical uses while schedules I drug do not. Schedule I and II drugs have the highest potential for abuse while schedule IV and V drugs have the least abuse potential. Schedule I drugs include Heroin, Crack, LSD, street-grade Cocaine, Methamphetamine, Mescaline, and Marijuana.

SELECTED LAWS

SELECTED LAWS

ALCOHOL CRIMES & PENALTIES UNDER MINNESOTA LAW

Minnesota has many statutes that regulate and control the use and abuse of alcohol. In addition to Driving While under the Influence (DWI) laws, Minnesota has laws regulating the sale, purchase, possession, and consumption of alcohol.

DWI LAWS:

There are four DWI and Implied Consent packages that aim at preventing the operation of motor vehicles, boats, snowmobiles/all terrain vehicles, and aircraft by inebriated persons.

A.Elements of DWI offense, Minnesota has one of the most comprehensive DWI statutes in the nation. The elements of the offense may be outlined as follows: it is a crime for any person to drive, operate, or be in physical control of a motor vehicle, within this state or upon the ice of any boundary water of this state, while the person is under the influence of alcohol, a controlled or hazardous substance, or a combination of the two, or the person has an "alcohol concentration": of 0.10 or more.

- 1.Driving, Operating and Physical Control: The statute does not prohibit only "driving" while under the influence, but extends to "operating" and "physical control" of the motor vehicle. While "driving" normally includes starting motors, steering towed vehicles, etc. "Physical control" is broader yet, and applies to any person who places himself or herself in a position to either restrain a vehicle from being moved or to direct its motion, including persons found alone, asleep, in a parked vehicle.
- 2.Motor Vehicle: The law applies to any kind of motor vehicle including farm tractors, bulldozers, front-end loaders, mopeds, garden tractors, and riding lawn mowers.
- 3.Under the Influence: "Under the influence is defined in terms of impaired ability to drive safely. It is not synonymous with an "alcohol concentration" of 0.10 or more. On the contrary, an alcohol concentration of "more than 0.05 and less than 0.10" is relevant evidence of whether or not the person is under the influence of alcohol. In reality, most human beings are visibly impaired at alcohol concentrations well below the 0.10 line.

B.Criminal Penalties: Generally a first offense is a misdemeanor, with a maximum of 90 days in jail and a fine of \$700. If the person has a prior "impaired driving conviction" within the previous ten years, the crime is a gross misdemeanor, raising the maximum sentence to a year in jail; and a fine of \$3000. "Impaired driving convictions" include adult convictions and juvenile adjudications.

C.Driver License Revocations:

- (a)First offense: not less than 30 days
- (b)Second offense in less than five years: not less than 90 days and until the court has certified that treatment or rehabilitation has been successfully completed where prescribed. After the second offense, subsequent offenses call for longer periods of revocations; and under certain circumstances the registration plates and registration certificate of all motor vehicles registered in the name of any person whose license is revoked may be impounded.

D.Implied Consent: The implied consent statute provides that by driving a motor vehicle in this state, a person implicitly consents to submit to testing for intoxication. If testing is refused, you may be subject to criminal penalties, and your right to drive will be revoked for a minimum period of one year. If a test is taken and the results indicate that you are under the influence of alcohol or a controlled substance, you will be subject to criminal penalties, and your right to drive may be revoked for a minimum period of 90 days.

LIQUOR CONTROL VIOLATIONS.

PERSONS UNDER THE AGE OF 21 YEARS.

A.Consumption: It is a misdemeanor for any liquor licensee (such as a bar or restaurant) to permit any person under 21 to consume alcoholic beverages on the premises. It is a misdemeanor for any person under the age of 21 years to consume any alcoholic beverages unless that person is in his parents'/guardians' home and with their permission.

B.Purchasing:

- 1.It is a gross misdemeanor for any person to sell, barter, furnish or give alcoholic beverages to a person under 21 years of age; except for the rights of parents/guardians as outlines under consumption.
- 2.It is a misdemeanor for any person under the age of 21 years to purchase or attempt to purchase alcoholic beverage.
- 3.It is a gross misdemeanor for any person to induce a person under the age of 21 years to purchase or procure any alcoholic beverage, or lend or permit the use of a driver's license.

C.Possession: It is a misdemeanor for any person under the age of 21 years to possess any alcoholic beverage with the intent to consume it at any place other than the household of person's parent or guardian. Mere possession at any place other than the home of the person's parent or guardian is prima facie evidence of an intent to consume.

DEntering Licensed Premises: Persons under the age of 21 years may not enter any licensed premises for the purpose of purchasing, being served or delivered; any alcoholic beverages.

E.Misrepresenting Age: It is a misdemeanor for any person under the age of 21 years to claim to be 21 years old or older for the purpose of purchasing alcoholic beverages.

F.Proof of Age: Proof of age must be established by a valid driver's license, Minnesota identification card, or in the case of a foreign national, a valid passport.

G.Driver License Suspensions of Illegal Purchase of Alcohol: The Commissioner of Public Safety shall impose a 90 day suspension of driving privileges of any person who (a) is under the age of 21 years and is convicted of purchasing or attempting to purchase an alcoholic beverage if the person used a driver's license, permit or Minnesota identification card in making the purchase or attempted to purchase or (b) who lends a driver's license to someone under 21 years to use to purchase alcoholic beverages.

SOCIAL HOST LIABILITY

Anyone over 21 years that knowingly servers alcohol to someone under 21 years may be held civilly liable for any damage subsequently caused by the person under 21

CONTROLLED SUBSTANCE CRIMES AND PENALTIES UNDER MINNESOTA LAW.

This chart shows the degrees of drug crimes in Minnesota and the sentencing limits for each degree as set by the Minnesota legislature in 1989 and amended in 1990. The "guidelines" listed for each degree refers to the lengths of time that a person convicted of an offense at the degree would serve in prison. These guidelines are set by the Minnesota Sentencing Guidelines Commission. The actual length of sentence is determined by the defendant's criminal history. For instance, a person convicted of a second-degree drug offense who has no prior convictions will get a shorter sentence than another person also convicted of a second-degree drug offense who happens to have a prior record. In addition, pursuant to 1989 legislation, a judge may increase a sentence if the drug offense took place in a school zone or park zone.

If the guidelines call for probation, the defendant can be sentenced to serve up to 12 months in local jail or workhouse.

SEXUAL HARASSMENT/SEXUAL VIOLENCE POLICY

STATEMENT OF COLLEGE COMMITMENT ~ DEFINITIONS ~ RIGHTS & DUTIES ~ PROCEDURES

STATEMENT OF COLLEGE COMMITMENT

Members of an educational community – students, faculty, staff and administration – must be able to work in an atmosphere of mutual respect and trust. Any violation of trust or any form of intimidation or exploitation damages the institution's educational process by undermining the essential freedoms of inquiry and expression. Students, teachers and staff must feel personally secure in order for real learning to take place.

The Academy College is a member of the Minnesota Career College Association (MCCA). This association has adopted an explicit policy prohibiting sexual harassment and violence:

"It is the policy of MCCA to prohibit harassment of employees or students. Prompt investigations of allegations will be made on a confidential basis to ascertain the veracity of complaints, and appropriate corrective action will be taken."

"It is a violation of policy for any member of our college community to engage in sexual harassment. It is a violation of policy for any member of our college community to take action against an individual for reporting sexual harassment."

"Incidents of sexual violence will be treated for what they are – violations of the code of criminal sexual code. It is a violation of policy for any member of the college community to take action against an individual for reporting an act of sexual violence".

As a place of work and study, member institutions of the Minnesota Career College Association should be free of sexual harassment and all forms of sexual intimidation and exploitation. All students, faculty, staff and administrators must be assured that the Academy College will take action to prevent such misconduct will immediately investigate complaints and that anyone found to engage in such behavior will be subject to disciplinary procedures.

DEFINITIONS

Using the definition contained in the Equal Opportunity Commission guidelines, the 1984 "Policy Statement on Sexual Harassment" defines sexual harassment as follows:

"Unwelcome sexual advances, requests for sexual favors, and other verbal or physical contact of a sexual nature constitutes sexual harassment when: (1) submission to such conduct is made either explicitly or implicitly a term or a condition of an individual's employment or academic advancement, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions affecting the individual, (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive working or academic environment."

Sexual harassment can occur in situations where one person has power over another, but it can also occur between equals. Both men and women can be sexually harassed. Sexual harassment can be blatant or subtle. Harassment under the third part of the definition often consists of callous insensitivity to the experience of others.

"Sexual assault: Under Minnesota law, sexual activity, including sexual penetration or sexual conduct carried out under coercion, with the threat of a weapon, through the threat of bodily harm, through the position of authority, or when then victim/survivor is mentally handicapped or physically helpless constitutes criminal sexual conduct."

"By Minnesota law, having a previous relationship of any nature, including, prior sexual contact with the victim/survivor is not an accepted defines for sexual assault. The victim/survivor does not need to prove that she/he resisted and another witness is not needed to prosecute the case. The relative age of the persons involved, the victim/survivor's fear of bodily harm to self or another, the use of threat to use a weapon by the perpetrator, and the infliction of either physical or emotional anguish upon the victim/survivor are among the criteria taken into account by Minnesota State Law on Criminal Sexual Conduct."

RIGHT AND DUTIES

Students and employees have the following rights:

- 1) For filing criminal charges with local law enforcement officials in sexual assault cases.
- 2) For the prompt assistance of campus authorities, at the request of the victim, in notifying the appropriate law enforcement officials and disciplinary authorities of a sexual assault incident.
- 3) For an investigation and resolution of a sexual assault complaint by campus disciplinary authorities.
- 4) For a sexual assault victim's participation in and the presence of the victim's attorney or other support person at any campus disciplinary proceeding concerning a sexual assault complaint.
- 5) For notice (to a sexual assault victim) of the outcome of any campus disciplinary proceeding concerning a sexual assault complaint, consistent with laws relating to data practices.

The campus authorities/personnel recognize, and are committed to executing, their duties in carrying out the sexual harassment/sexual violence policies and procedures of the Academy College.

PROCEDURES

The Academy College expects that all members of the private career school community will conduct themselves in a responsible manner that shows respect for others and the community at large. The same behavioral standards apply to all individuals. As part of the larger community we are subject to, abide by, and support Minnesota statutes and local ordinances regarding criminal sexual conduct.

SEXUAL VIOLENCE

Sexual assault is an act of aggression and coercion, not an expression of sexual intimacy. We will do whatever possible to offer safety, privacy and support to the victim/survivor of sexual assault. Helping the victim/survivor look at options for the reporting the assault and taking care of herself/himself is the immediate concern of the school. At the end of this policy is a listing of support services for sexual assault victims/survivors. The school will assist the victim/survivor in contacting an appropriate agency if such assistance is desired.

If the assault takes place at the school facility the victim/survivor should immediately contact the administrative offices for assistance. Administrators are not to reveal the name of the victim/survivor unless (s)he chooses to be identified.

The Administrative office shall, at all times, have readily available the name(s) of local law enforcement agencies and sexual assault centers that are to be called for immediate help.

If the assault takes place outside the college facility the victim/survivor should immediately contact, or have a friend contact, the local law enforcement and sexual assault center listed in this brochure. Following the incident the victim/survivor should notify the Administrative office of the assault for support, and assistance.

SEXUAL HARASSMENT/SEXUAL VIOLENCE POLICY

PROCEDURES

SEXUAL VIOLENCE

(cont'd)

Further, in either case, the victim/survivor should do the following:

- 1) it is helpful to have a written summary of what happened while the memory is still clear
- 2) no attempt should be made to bathe, change clothes, or otherwise clean up prior to examination by a medical practitioner qualified to make determinations regarding sexual assault
- 3) In most cases it will be helpful to have a friend with you when talking to the police, sheriff or other sexual assault center personnel.

SEXUAL HARASSMENT

Members of this college community who believe they have been sexually harassed may properly turn for assistance to the college official listed at the end of this document. Whether or not a person consults with a school official (s) he has the option of making an informal or formal complaint according to the procedures outlined below.

No retaliatory actions may be taken against any person because (s) he makes such a complaint or against any member of the college community who serves as an advisor or advocate for any party in any such complaint. No retaliatory actions may be taken against any member of the school community merely because (s) he is or has been the object of such a complaint.

INFORMAL RESOLUTION

Early efforts to control a potentially harassing situation are very important.

- 1) Sometimes sexual harassment can be stopped by telling the person directly that you are uncomfortable with his or her behavior and would like it to stop.
- 2) Writing a letter to the person or talking to the person's supervisor can also be effective.
- 3) Go to one of the resources for sexual harassment/violence information listed in this brochure, or discuss the matter with a friend.
- 4) Talk to others who might also be victimized by the harasser, since harassment often involves more than one victim.
- 5) Any student, staff member or faculty member is encouraged to discuss incidents of possible sexual harassment with one of the designated advisors listed in this brochure. These discussions will be kept confidential and no formal complaint is necessary.

Any advisor contacted by a person who may have been subject to sexual harassment will give advice and guidance on both informal and formal procedures for resolving the problem. All information will be kept confidential. No specific circumstances, including the names of the people involved, will be reported to anyone else without the written permission of the person making the complaint.

Incidents should be reported within 30 days. At any time during the procedures, both the person bringing the complaint and the person against whom the complaint is made may have a representative present in discussions with the advisor.

RESOLUTIONS OF INFORMAL COMPLAINTS

- 1) Any student or employees may discuss an informal complaint with an advisor. If the person who discussed an informal complaint with an advisor is willing to be identified to other advisors (the advisors form a panel in this situation), but not the person against whom the informal complaint is made, the panel will make a confidential record of the circumstances and will provide guidance about various ways to resolve the problem or avoid future occurrences.
- 2) If the person bringing the complaint is willing to be identified to the person against whom the complaint is made and wished to attempt informal resolution of the problem, the panel will make a confidential record of the circumstances (signed by the complainant) and suggest and/or undertake appropriate discussions with the persons involved.

- 3) When a number of people report incidents of sexual harassment that have occurred in a public context (for instance, offensive sexual remarks in a classroom lecture) or when the panel receives repeat complaints from different people that an individual has engaged in other forms of sexual harassment, the panel may inform the person complained against without revealing the identity of the complainants.

FORMAL COMPLAINT BY STUDENTS

- 1) A formal complaint of sexual harassment must include a written statement signed by the complainant specifying the incident of sexual harassment. The statement may be prepared by the complainant or by an advisor as a record of the complaint. The complaint must be addressed to the Director, who will then formally ask the panel to investigate the complaint and present its findings and recommendations. The Director shall then report his or her findings to the President with appropriate recommendations.
- 2) The panel will investigate formal complaints in the following manner:
 - a) The advisor who is first contacted, after initial discussion with the complainant and with that person's written consent, will deliver the complaint to the panel specifying the individuals involved. The panel will decide whether the circumstances reported in the complaint warrant an investigation.
 - b) If the circumstances warrant an investigation, the panel will inform the person complained against of the name of the persons making the complaint as well as of the substance of the complaint. The panel will then limit the investigation to what is necessary to resolve the complaint or make a recommendation. If it appears necessary for the panel members to speak to any people other than those involved in the complaint, they will do so only after informing the complaining person and the person complained against.
 - c) The panel's first priority will be to attempt to resolve the problem through a mutual agreement of the complainant and the person complained against.
 - d) The chair of the panel will be in communication with the complainant until the complaint is resolved. The complainant will be informed of procedures being followed through the investigation although not of the specific discussions held with the person complained against.
 - e) The panel will resolve the complaints expeditiously. To the extent possible, the panel will complete its investigation and make its recommendations within 60 days from the time the formal investigation is initiated.
 - f) If a person making a formal complaint asks not to be identified until a later date (for example, until the end of the course), the panel will decide whether or not to hold the complaint without further action until the date requested.
 - g) If a formal complaint has been preceded by an informal investigation the panel; will decide whether there are sufficient grounds to warrant a formal investigation.
- 3) After an investigation of the complaint, the panel will:
 - a) Resolve the complaint to the satisfaction of the complainant and the person complained against and report its findings and the resolution to the President, or
 - b) Report its findings with appropriate recommendations for corrective action to the President, or
 - c) Recommended Corrective and/or Disciplinary Action. The purpose of any recommended corrective action to resolve a complaint will be to correct or remedy the injury if any, to the complainant and to prevent further harassment. Recommended action may include: written or verbal reprimand of the harasser; suspension, dismissal, or transfer of the harasser;

Corrective action will be carried out by the Directors of Administration or Education at the Direction of the President.

FALSE CHARGES

If the panel determines that a complaint was made by student or employee with the knowledge that the facts were false, the panel shall so notify the President and may recommend appropriate disciplinary action.
