

## **Leadership Fund Application**

The Student Government Association has created the Leadership Fund to help assist students financially in developing leadership skills by attending leadership conferences. The fund was created to cover a portion or the entire conference fee that is asked of the student.

These conferences should teach or improve leadership skills or provide training to become a better leader. To request from this fund, you must complete the application and essay 30 days prior to the registration deadline for the conference. Once a committee reviews your application, you will be notified by email. If you have any questions about this fund please contact SGA Chief of Staff, Katrena Thompson at <a href="mailto:kathompson@bsu.edu">kathompson@bsu.edu</a>, or stop by the SGA office, Student Center 112 during normal business hours.
