Date Returned By Foundation _____

Regarding Food

According to the NC Division of Environmental Health of the NC Department of Environment and Natural Resources, anytime food is sold on campus, a license or sanitation grade must be obtained through the local health department. The number of times food can be sold must meet state and county compliance in regards to license or sanitation grade.

The regulations do not capture pre-packaged food, cotton candy, ice cream, popcorn, and candied apples. Regulations may vary from county to county.

For Office Use Only
