About EvCC

Everett Community College educates more than 20,000 students every year at seven learning centers throughout Snohomish County, with most students and faculty at the main campus in north Everett.

Founded in 1941, the college has grown to serve students seeking a wide variety of education options. Students come to EvCC to affordably start their four-year degrees, earn certificates, train for a new job, experience hands-on training in professional and technical programs, learn English, develop basic skills, finish high school, train for a promotion, or to learn just for fun.

The college offers associate's degrees in Arts and Sciences, Business, General Studies, Science, Fine Arts, and Technical Arts. Certificates of completion are awarded in more than 20 technical and career fields. Students can also enroll in Adult Education, English as a Second Language, and General Education Diploma programs.

EvCC faculty and staff work closely with business and industry experts, community leaders and other educational institutions to provide students with relevant, challenging experiences inside and outside of the classroom.

EvCC counts among its alumni many of the area's business, government, and civic and social leaders. EvCC students have gone on to serve their communities in the United States Congress, the Washington State Legislature, and local government; they build businesses and support enterprises that fuel the region's—and the nation's—economy, and distinguish themselves in the world of art, literature and music.

In addition to the college's main campus, EvCC offers classes at its East County Campus in Monroe, Aviation Maintenance Technician Program at Paine Field, Corporate & Continuing Education Center in south Everett, School of Cosmetology in Marysville, and at several other locations in north and east Snohomish County.

Everett Community College is also the home of the University Center of North Puget Sound, which offers more than 20 bachelor's and master's degree programs at EvCC's north Everett campus and supports a dozen online degree programs from colleges and universities including University of Washington Bothell, Western Washington University, Central Washington University, Eastern Washington University, The Evergreen State College, Washington State University, Hope International University and Saint Martin's University.

Other Policies & Announcements

ADMISSIONS/REGISTRATION POLICIES

First Week Attendance and Withdrawal Policy

During the first week of the quarter, it is important that students attend all classes in which they are registered. Students who are unable to attend the first few class sessions must inform the instructor by the beginning of the second class in order to maintain enrollment in that class. If a student does not notify the instructor or the division office of his/her absence, that student may be withdrawn from class by the instructor. The College does not always, however, withdraw the student for nonattendance. A student who is not officially withdrawn by the College or does not officially withdraw himself/herself may be issued a failing grade by the course instructor based on nonattendance.

By registering, you are taking personal responsibility to pay tuition and fees and to attend classes.

Students withdrawn by the College during the first week under this policy will receive a refund of tuition and fees, if due. It is the student's responsibility to determine if he/she has been withdrawn by the College.

Do You Meet The Course Prerequisite?

A prerequisite describes the skills and/or knowledge the student must have before taking a class. Prerequisites are listed in the catalog and class schedule. Students are expected to satisfy all prerequisites prior to starting the course. If a student has not met the stated prerequisite(s), the Division Dean may withdraw the student during the first week of the term for a regularly scheduled class, or at the first class meeting for a class that has nonstandard meeting times.

Course Repeat Policy

Courses may be repeated to improve the grade earned, but credit is earned only once. To repeat a course, the student must register for the course, submit a course repeat card at the time of registration, and pay all necessary fees. A course may only be repeated twice. See the College Catalog for specific procedures. The course repeat form is also available on the web at www.everettcc.edu/studentforms Students registered in distance courses who live more than 30 miles from campus should call 425-388-9208 to discuss options. Course repeats must be filed within one academic year of enrollment in the repeated course.

Unduplicated Registration

The College reserves the right to deny registration by a single student in two sections of the same course in order to maximize the availability of seats for all prospective and current students.

Directory Information

Under law, the College may release the following information on students to anyone who inquires: student name, major field of study, participation in officially recognized activities and sports, height and weight of athletic team members, quarters of attendance, degrees or awards received, date of birth, and last previous educational agency or institution attended by the student. A student may request that his or her directory information not be released. Contact Enrollment Services for details.

Payment Policy

Payment and refund policies are based on the view that a student registering for a class is reserving a seat in the class and that tuition and fees cover the opportunity to have that place in a class. Since no other person can purchase that seat, the student is responsible for the tuition and fees. Simply not attending does not constitute a reason for non-payment.

State-supported classes

For early registrants, payment is due by the first Early Registration Deadline, usually 2-4 weeks prior to the beginning of the term. The exact date is published in the Class Schedule and the Catalog. Using this deadline, the College may exercise the option to drop unpaid early registrants.

Persons registering after the first Early Registration Deadline have 5 working days to submit payment, or must pay before the first day of class, whichever comes first. Persons who register on the day of class or after the class has started must pay immediately. The College reserves the right to bill students who do not pay in a timely manner. Registrants assume responsibility for payment.

Self-Support Classes

Self-support classes are usually distinguished by a comprehensive class fee charged instead of tuition. Payment, drop and refund deadlines vary.

Once you have registered, you are personally responsible for the payment of tuition and fees. Returned checks, cancelled credit cards, employer or agency refusal to pay, ineligibility for financial aid, and other reasons for non-payment may result in a direct bill to you, and/or referral to a collection agency.

To receive a full or partial refund after paying, or to avoid being billed for the full or partial amount of tuition, you must submit an official withdrawal by the refund dates described in the Class Schedule, or listed for the self-support classes.

Emergency Closure Advisory

EvCC will cancel classes and close offices if severe weather or other emergency conditions on the main North Everett campus are determined to be unsafe. Every effort will be made to post closure information by 6 a.m. for day classes and 4 p.m. for evening classes.

Messages will be posted on the main college phone line at 425-388-9100; on an opening screen of the EvCC website at www.everettcc.edu; sent via text message and email for subscribers (signup at www.everettcc.edu/emergency); and online through the Public Schools Emergency Communication System at Schoolreport.org

If the college closes, all campuses are closed (unless otherwise noted).

Exceptions: EvCC-Monroe, Marysville Arts & Technology High School and Tulalip South Lot. EvCC Monroe follows the closure listings for the Monroe School District. Marysville Arts & Technical School and classes at the Tulalip South lot follow the closure listings for the Marysville School District.

Messages will only be posted if the college is closed. If a message is not posted, the college is operating with normal business hours.

Guidelines for Reasonable Accommodation of Students With Disabilities

The college operates in accordance with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973 and State of Washington Laws of 1994, Ch. 105. Everett Community College is committed to providing qualified students with disabilities an equal opportunity to access the benefits, rights and privileges of college services, programs and activities. Students with disabilities have the right to request and receive academic adjustments/reasonable accommodations to ensure access to programs and facilities at the college. To receive such accommodations, students are responsible for requesting accommodations and documenting the nature and extent of their disability in a timely manner. Students needing Sign Language interpreters, books in alternate formats, or other similar accommodations need to request such services at least six weeks in advance. Students should direct their requests for reasonable accommodation to the Center for Disability Services, Parks 267, right across from the bookstore. Copies of the Everett Community College's Academic Adjustment Procedures for Students With Disabilities is available from the Center for Disability Services office upon request.

Appropriate academic adjustments/reasonable accommodations will be provided to qualified students with disabilities participating in the following activities; recruitment, the application process, enrollment, registration, financial aid, course work, academic counseling/advising, and non-academic programs and services.

Behavioral Intervention Team (BIT)

The Behavioral Intervention Team (BIT) was created to heighten awareness of faculty and staff regarding potentially at-risk students and others on campus that may be at risk of harm to themselves or others. The BIT provides immediate analysis and a coordinated response to reports of threatening language, behavior, or written communication by a student. The role of the team is to provide both early intervention and prevention strategies to address student behavior.

The BIT process coordinates a response to a student with identified behavioral concerns. When reports of concerning behavior are made by students, staff or faculty, the team will follow up on the reported concerns and respond appropriately. The group meets regularly to assess and implement an intervention plan for students deemed to be at risk to themselves or others socially, mentally and/or physically.

Children on Campus

In general, children are not permitted on campus unless they are directly supervised by a parent or the responsible adult, officially enrolled in classes, or directly involved in an instructional process.

In no case, even if accompanied by a parent or other adult, are children permitted in labs, shops, clinical areas, or any areas where potential hazards exist, with the exception of children directly involved in the instructional process (e.g. Early Childhood Center, Cosmetology Salon).

Individuals who bring children to campus are responsible for their supervision at all times; leaving children unattended in public access areas such as the Multi-Purpose Room, Video Lounge, or LMC does not meet this supervision standard. College officials are to contact parents or other parties responsible for children left unattended on campus, and inform them that children must be properly supervised while on campus.

Individuals who bring children to campus and refuse to abide by these guidelines will be referred to security.

Pets and Other Animals on College Property

Purpose: The safety and security of students, employees, visitors and the general public are a prime concern and responsibility of the college. To safeguard the educational and workplace environment of the college the following policy is established.

Policy: Based on reasons of health, sanitation and safety, no person shall be permitted to bring into or leave any dog, cat or any other animal or pet in any college building, nor is it permitted to leave any such pet or animal unattended on any college controlled property.

This policy does not apply to guide dogs or other trained service animals, as defined by law and consistent with the Americans with Disabilities Act, providing assistance to persons with disabilities requiring these services. This policy does not apply to animals brought to campus for a specific course assignment, K-9 officers and animals maintained by the college for educational purposes.

Computer and Network Acceptable Use Policy

The use of Everett Community College (EvCC) computers and network facilities shall be solely for facilitating the processing and exchange of information in furtherance of education and research. Use shall be consistent with the mission, policies, and procedures of EvCC and applicable federal and state law.

Users shall respect the rights and property of others and not improperly access or attempt to access, misuse, or misappropriate information/files. Accounts and passwords are individualized and may not be shared without prior permission from the Vice President of College Services or the Director of Information Technology. The network is managed by Information Technology. Network users shall not change cabling or add new services. Users will promote efficiency in order to minimize congestion of the networks. Requests for changes should be sent to the Information Technology Department.

EvCC computers and networking facilities shall not be used for commercial purposes or private gain. The expectation of privacy, in relation to what is stored on college computer equipment or carried as network traffic, exists only to protect the confidentiality needed to properly conduct college business. This policy also applies to the use of other networks accessed through EvCC computers or networks.

Interpretation, application, and modification of this policy shall be within the sole discretion of EvCC. Violations may result in loss of computer and/or network use privileges and other penalties consistent with EvCC policies and procedures. Questions arising under this policy should be directed to the Vice President of Administration.

Violations of Acceptable Use Policy

Violators of this policy will be subject to the normal disciplinary procedures of the College, including those described in the Student Handbook in the section titled Student Rights and Responsibilities, and/or those described below. Violations of this policy will be dealt with in a serious and appropriate manner according to one of the four categories described below. Illegal acts involving College computing resources may also be subject to prosecution by local, state or federal authorities.

Category 1 Offense: These offenses generally show a lack of consideration of computing resource and/or other computer users, but do not threaten privacy, computer integrity or violate ethical principles. Violators will be issued a verbal, Email or hardcopy warning regarding their actions. Repeated offense in this category will result in a Category 2 disciplinary action.

Category 2 Offense: These offenses often involve violations of ethical actions, for example, where user privacy or computer integrity was violated. Violators will have their user account and computer access (including access to the computer labs) suspended until a formal session with the Director of Information Technology. A copy of this policy will be provided to the user with the specific area of offense highlighted. Repeated offense in this category will result in a Category 3 disciplinary action.

Category 3 Offense: These offenses generally warrant an investigation and an incident report by the Director of Security and/or the Vice President for Student Services. Violators will have their user account and computer access (including access to the computer labs) suspended. The violator MUST attend a session with the Director of Security and/or the Vice President of Instruction and Student Services. All computer privileges will continue to be suspended until the completion of the investigation and issuance of a report by the Director of Security. In most cases the appropriate College official will make the determination if

computer privileges are to be returned to the violator. Repeated offense in this category will result in a Category 4 disciplinary action.

Category 4 Offense: These offenses generally warrant an investigation and an incident report by both the Director of Security and local, state or federal law enforcement. Violators committing a Category Four offense will forfeit all rights to computer privileges. Any and all information requested by the Director of Security, local, state or federal law enforcement will be provided. If the violator is found guilty of the offense under investigation, any future access to College computer resources must be first approved by the appropriate College official, and that official may stipulate usage only under supervised circumstances.

Any computer offense not explicitly classified in this policy will be reviewed on a case-by-case basis. The College reserves the right to stiffen or lessen the penalties based on situations involved in the offense.

Guidelines for Determining Acceptable Use

The following examples provide guidelines for determining whether a particular action is deemed acceptable, but are not a complete list of all unacceptable uses.

1. Do not obtain, use or share any other users' passwords
2. Attempt either directly or indirectly through use of any software or equipment to gain access to files, transmissions or other resources to which you have not been granted permission.
3. Download, modify, transmit, reproduce, publish or distribute information, software or materials which are protected by copyright without permission of copyright owner.
4. Use email, listservs, web sites or other Internet services to transmit any communication where the meaning of the message, its transmission or distribution is intended to be or is perceived to be abusive, offensive or harassing to the recipient(s).
5. Directly or indirectly restrict, inhibit or interfere with the ability of the college, college constituents, employees or students to conduct college business or to access and use the Internet, college servers or services by hosting unauthorized services or transmitting software or information containing a virus, bomb, worm, Trojan or other harmful feature, or otherwise engaging in a DOS (denial of service) attack.
6. Use the system for non-academic or commercial purposes.
7. Steal, vandalize or obstruct the use of computing equipment, services or documentation.
8. Use any software obtained illegally or not properly licensed.

The College also has additional rules for student computer labs and they are available in the labs and through Information Technology offices.

Safe Zone Program

The mission of the Safe Zone Program is to create a safe, welcoming and supportive environment for all members of our community regardless of sexual orientation. Activities include the Safe Zone Sticker Project and Letter Campaign and gay, lesbian, bisexual and transgender education and awareness activities. Look for the pink triangle stickers, educational programs and services provided through the Diversity & Equity Center, Student Activities and the Safe Zone Program Committee throughout the school year.

Registered Sex Offenders Procedures

The College has an administrative procedure for notifying the campus community about students who are enrolled in classes pursuant to RCW 4.24.550. Information will be posted at the Office of Campus Safety and Security, Parks Building Room #224.

State Support of Higher Education Students

The State of Washington contributes to the cost of students through the support of basic instructional cost and state-supported financial aid. For the academic year 2009-10, the instructional cost per full-time student was \$6706. A Washington resident, when he/she pays tuition, funds about 39% of the instructional cost. The state supports the remaining instructional cost. Students at community colleges also receive state supported financial aid including that provided from each college's financial aid fund (3.5% of tuition). The total state financial aid support per full-time equivalent student amounts to \$785 for the year.

Parking on Campus

All campus parking is by permit only. Examples of valid parking permits are an EvCC quarterly permit or a paid metered visitor parking permit. These visitor parking permits are available via a yellow pay parking machine located near the visitor parking area, pay parking machines in Lot 3E or the Cashier's Office.

Quarterly parking permits can be purchased by students or staff; they can be used in any vehicle owned by the permit purchaser. Instructions on proper display are on the permits. A permit does not guarantee that a parking space will be available at all times. The College promotes the use of alternative transportation such as carpools, bicycles and buses.

Lost permits are not replaced. Exception: A replacement permit can be issued to the original permit holder if they provide a copy of a police report describing the permit theft to the Security Office.

Our office provides current parking permit holders with motorist assists for flat tires, locked keys in cars, battery failure and the use of a fuel container.

SUMMARY SUSPENSION--PURPOSE AND PROCEEDINGS.**

- (1) As defined in WAC 132E-120-230, summary suspension is exclusion from classes or other privileges, services and activities. A student shall be summarily suspended if the vice-president for student services or designee has cause to believe that the student:
 - (a) Has violated any provision of this chapter; and/or
 - (b) Presents an imminent danger either to himself or herself, other persons on the campus, or to the educational process.
- (2) Summary suspension is appropriate only where subsection (1)(b) of this section can be shown, either alone or in conjunction with subsection (1)(a) of this section. The vice-president for student services or designee shall enter an order as provided by law if the student is to be suspended. Written notice shall be served by certified and regular mail at the student's last known address, or shall be personally served on the student.
- (3) The procedures for a summary suspension hearing shall be considered an emergency adjudicative proceeding and shall be conducted as soon as possible and, if feasible, within 5 working days. The vice president for student services or designee may, upon the request of the student, schedule the hearing at a time later than 5 working days. The vice-president for student services or designee shall preside over the meeting. The student may appear alone or with another to advise and assist him/her as he/she appears before the appropriate college official(s). Any person who accompanies the student may provide support or guidance to the student, but may not speak, represent, or advocate for the student before the college official. An accommodation of a spokesperson {a person who would address the college official(s)} may be approved if a person's disability warrants such an accommodation. Other circumstances regarding a request by the student for the use of a spokesperson would be considered by the vice president for student services or designee. The vice-president for student services or designee shall, at the summary suspension proceeding, determine whether there is probable cause to believe that continued suspension is necessary and/or whether other disciplinary action is appropriate.
- (4) The vice-president for student services or designee may continue to enforce the suspension of the student from the college and/or may impose other disciplinary action if, after the summary suspension hearing, the vice-president for student services or designee finds that the student against whom the specific violations are alleged has in fact committed one or more of said violations and:
 - (a) Summary suspension is necessary for the safety of the student, other campus community members, or to restore order to the campus; and
 - (b) The violation(s) by the student are grounds for disciplinary action per WAC 132E-120-020 and 132E-120-040.

WAC 132E-120-380 ILLEGAL DISCRIMINATION AND SEXUAL HARASSMENT POLICY STATEMENT

Everett Community College affirms its commitment to equal educational opportunity for all its students, and its commitment to assure that there is no discrimination against any student, or those who apply for student status, on the basis of race, religion, creed, color, national origin, age, sex, sexual orientation, marital status, the presence of any physical, sensory or mental disability, or status as a disabled or Vietnam era veteran in accordance with state and federal laws. Everett Community College is also committed to maintaining an educational environment that is free of sexual harassment and all forms of sexual intimidation and exploitation. Sexual

harassment is a form of illegal sex discrimination and as such will not be tolerated. All staff, faculty and students should be aware that the College is prepared to take action to prevent and correct such behavior, and individuals who engage in such behavior are subject to disciplinary action. The determination of what constitutes sexual harassment, sexual intimidation, and sexual exploitation will vary with the particular circumstances, but it may be described generally as repeated and unwanted/uninvited sexual behavior, such as physical contact, cyber/electronic communication, and verbal comments or suggestions, which adversely affects the learning environment.

WAC 132E-120-385 ILLEGAL DISCRIMINATION AND SEXUAL HARASSMENT COMPLAINT PROCEDURES

A. Informal Complaints

Discrimination and/or sexual harassment may take many forms and the perpetrator may not understand that his/her behavior is being perceived as discriminatory or that it constitutes sexual harassment. Therefore, any student who feels that she/he is being subjected to discriminatory behavior and/or sexual harassment is encouraged to discuss the offensive behavior directly with the person involved. If direct communication is either impractical or feels too intimidating to the complainant, there are others on campus who can either intercede or assist with this conversation. Students may contact any member of the campus community who they trust that may assist the student and/or refer the student to the appropriate resource. Generally, the offices/centers that can be of the most assistance in terms of advice, support, and referral regarding these matters are the Office of the Vice President for Student Services, the Office of the Vice President for Human Resources, the Office of the Vice President for Instruction and the offices of the academic deans, Diversity and Equity Center, Counseling/Advising and Career Center, Center for Disability Services, Rainier Learning Center, Student Activities Office, Student Support Services Program, and Campus Safety and Security.

If the situation cannot be settled informally, the complainant may file a formal internal complaint. Students are not required to utilize informal procedures, but may go directly to the following formal internal complaint procedure.

B. Formal Internal Complaints

- (1) Without feeling constrained by specific definitions of discrimination, or by reporting relationships, written complaints concerning allegations of discrimination may be directed to the vice president for student services or designee or the vice president of human resources or designee. The two vice presidents or their designees will confer and determine who will act as the investigator on the complaint.
- (2) Complaints will be held in confidence to the extent possible, however, discrimination is an illegal activity requiring an active response from the College. Parties to the complaint will become directly involved, and any subsequent legal actions may result in discovery or public disclosure requests. Complainants have the right to bring an advocate to all subsequent meetings with College officials.
- (3) The investigator shall assure that both the person making a formal complaint, and the accused, have been provided copies of the Sexual Harassment and/or the Equal Opportunity/Anti-Discrimination policies and this procedure.
- (4) The investigator will determine the extent of the investigation. Since discrimination represents an illegal activity, the College may elect to investigate even those cases where the complainant has withdrawn the complaint, or otherwise refuses to cooperate in the investigation.
- (5) A draft or preliminary report shall be produced at the end of the investigation and copies provided to the accused, and to the complainant. The two parties shall each have ten calendar days to prepare a response to the report before any action is taken. Once responses have been received, the investigator shall, within five days, produce a final report. Copies will be distributed to the complainant, the accused, and the College president.
- (6) The investigator shall make a recommendation for action based on the final report to the president within ten days of its completion.
- (7) If the complainant, the accused, and the investigator agree, informal meetings may be held in lieu of an investigation. Any such informal meetings shall occur with the investigator present, who will subsequently make a written recommendation for action on the complaint to the President within ten days following the last meeting regarding the complaint.
- (8) The decision regarding what action to take on the complaint, including appropriate corrective or discipline measures, shall be made by the president in conjunction with the vice president of human resources, and the Vice President for Student Services.

- (9) If any disciplinary action is imposed, the disciplined student may appeal the action through established grievance or appeal channels.

STUDENT CODE OF CONDUCT VIOLATIONS-- DEFINITIONS

DISRUPTIVE BEHAVIOR

As members of Everett Community College, students are expected to act in a civil manner and abide by classroom behavioral expectations and all college rules and regulations.

Disruptive behavior is behavior that interferes with the learning and teaching environment and/or administrative or student services functions of the College.

Examples:

- Verbally intimidating, threatening or abusing any person or persons.
- Physically intimidating, threatening, abusing, or assaulting, others.
- Theft or damage to college property.
- Use, possession, or distribution of illegal or controlled substances on college grounds.
- Disorderly or abusive behavior that interferes with the rights of others or obstructs or disrupts the learning environment and/or teaching environment.
- Making inappropriate demands for time and attention from faculty, staff and/or students.

REMOVAL OF A DISRUPTIVE STUDENT FROM THE CLASSROOM OR COLLEGE FACILITIES/POSSIBLE DISCIPLINARY ACTION

An instructor may remove a disruptive student from the classroom on a daily basis by saying to the student that a specified behavior is inappropriate and then requesting the student to leave (if help is needed, the instructor may call Security). The student is free to return to class the next day, however, if the disruptive behavior continues, the student may be removed from class. Legally, unless there is imminent physical danger to the student or others, the student cannot be dropped from the class without due process. Due process occurs through the Office of the Vice President for Student Services or his/her designee.

Any college administrator or security personnel member may remove a disruptive student from college facilities.

If the safety of the student or others is jeopardized, the student can be summarily suspended by the Vice President for Student Services or his/her designee until disciplinary proceedings can be completed. During this time period, the Vice President for Student Services or his/her designee will investigate the situation and determine an appropriate course of action regarding whether or not the student can return to class and/or impose other disciplinary action.

For additional information regarding disruptive behavior, you may contact the Office of the Vice President for Student Services at (425) 388-9588 or 9589.

DISCRIMINATION, BIAS AND HATE ACTIVITY

College is committed to providing a learning environment free from unlawful discrimination including bias and hate activities. Bias motivated hate activity includes, but is not limited to, a crime committed solely because of a person's race, religious beliefs, disability, sex, nationality, or sexual orientation; racist leaflets and/or offensive printed materials; verbal, written or physical contact resulting or intending to result in intimidation, fear, personal assault and/or other violence. Students, staff, prospective students and visitors should be aware that the College will take appropriate measures necessary to eliminate such actions. Those who so act are subject to the college discipline and applicable legal action under Washington State and federal law. Report any act of discrimination including bias and hate activities to Campus Safety and Security, your instructor, an EvCC counselor, your college supervisor, the Vice President for Human Resources and/or the Vice President for Student Services.

SEXUAL ASSAULT

Per the federal Campus Security Act, the College has campus sexual assault programs established to prevent sex offenses. Sexual assault (including rape) is defined as attempted or unwanted

sexual activity. Rape is defined as sexual penetration without mutual consent.

In addition to possible civil and criminal charges, any student of the College who is found guilty of sexual assault will be subject to disciplinary procedures per WAC 132E-120-240 (page 17 of the Student Handbook). College employees guilty of a sexual assault are subject to employee disciplinary procedures.

SEXUAL MISCONDUCT

Sexual misconduct is a violation of the Student Code of Conduct, as well as a violation of state and federal laws. Sexual misconduct includes, but is not limited to: unwanted verbal contact (including telephonic and voice mail), written communication (including electronic mail [e-mail]), and pictorial or physical contact of a sexual nature which a reasonable person would consider intimidating, hostile, offensive, and/or which adversely affects the learning environment on campus.

Campus Safety and Security should be notified as soon as practical of any incident of sexual assault or sexual misconduct that occurs on campus. The well being of the victim is the primary concern of the College and an active victim's referral program is available. Campus Safety and Security will offer guidance to assist in evidence preservation and will also notify the appropriate law enforcement authorities.

Sexual misconduct on the part of a college employee can result in counseling, suspension and/or termination of employment.

PLAGIARISM

Plagiarism is accidental or willful use of someone else's words, ideas, or evidence without attribution. It can result in a failing grade on the paper, a failing grade in the course, and/or referral to the Vice President for Student Services for possible disciplinary action.

Maintaining ownership of your work is often a challenge when you are doing research and writing papers using multiple sources. Intentional plagiarism is academic dishonesty. Plagiarism occurs when you accidentally or purposefully do any of the following:

- Use someone else's words either verbatim or paraphrased without attribution;
- Use someone else's evidence, line of thinking, and/or idea, without attribution;
- Turn in someone else's work as your own, as in copying a peer's paper or purchasing a ready-made paper;
- Turn in previously submitted work as new work without your instructor's approval.

Make sure you understand what plagiarism is; some writers say "two words in conjunction from the original" without attribution is academically dishonest.

Penalties for plagiarism may be any of the following, depending on the seriousness of the offense:

- Required revision of the assignment,
- A failing grade on the assignment with no make-up opportunity,
- A failing grade in the course,
- Notification of the Dean of the Division and/or Vice President for Student Services (Dean of Students) for possible disciplinary action.
- Expulsion from the College

LIBRARY RIGHTS AND RESPONSIBILITIES

- (1) The rights of an Everett Community College student to use the college library for study also entails a responsibility and a duty on the part of each student using the library and its resources. They are as follows:
 - (a) The right to study in the library area automatically carries with it the responsibility of each student to help maintain an atmosphere conducive to study; therefore, it shall be the responsibility of each student to help maintain the study atmosphere.
 - (b) The right to use the reading matter in the Everett Community College library also carries with it the responsibility to protect books, periodicals and printed matter from mutilation or theft.
- (2) Books, periodicals, and other reading matter shall be selected for values of interest, information and enlightenment of all members of Everett Community College. In no case shall any book be excluded because of the race, nationality, or religious views of the writer. Reading matter shall not be excluded for partisan, political, or doctrinal reasons.
- (3) There shall be no censorship of books by volunteer arbiters of politics, society, or morality. Such attempts at censorship shall be considered attempts to limit student information and enlightenment.

THE CANON OF JOURNALISM

(American Society of Newspaper Editors, "The Canons of Journalism," in George L. Bird. Et al, *The Press and Society* (New York; Prentice-Hall, Inc.) pp. 108-110)

The primary function of newspapers is to communicate to the human race what its members do, feel and think. Journalism, therefore, demands of its practitioners the widest range of intelligence of knowledge and of experience, as well as natural and trained powers of observation and reasoning. To its opportunities as a chronicle are indissolubly linked its obligations as teacher and interpreter. To the end of finding some means of codifying sound practice and just aspirations of American journalism, these canons are set forth:

(1) Responsibility

The right of a newspaper to attract and hold readers is restricted by nothing but considerations of public welfare. The uses newspaper makes of the share of public attention it gains services to determine its sense of responsibility, which it shares with every member of its staff. A journalist who uses his power for any selfish or otherwise unworthy purpose is faithless to a high trust.

(2) Freedom of the Press

Freedom of the press is to be guarded as a vital right of mankind. It is the unquestionable right to discuss whatever is not explicitly forbidden by law, including the wisdom of any restrictive statute.

(3) Independence

Freedom from all obligations except that of fidelity to the public interest is vital.

- (a) Promotion of any private interest contrary to the general welfare, for whatever reason, is not compatible with honest journalism. So called news communications from private sources should not be published without public notice of their source or also substantiation of their claims to value as news, both in form and substance.
- (b) Partisanship, in editorial comment, which knowingly departs from the truth, does violence to the best spirit of American journalism; in the news column it is subversive of a fundamental principle of the profession.

RESOLUTION SUPPORTING EDITORIAL INDEPENDENCE OF STUDENT PUBLICATIONS

The Board of Trustees for Everett Community College recognizes and affirms the editorial independence and press freedom of all student-edited campus media. The *Clipper* student newspaper and other student-produced media are therefore designated as public forums. Student editors have the authority to make all content decisions and consequently bear the responsibility for decisions they make.

Passed and Approved this 14th day of November 2007

STUDENT RECORD'S PRIVACY

All questions about the privacy of student records should be directed to Enrollment Services, 425-388-9210 or 425-388-9222

STUDENT IDENTIFICATION NUMBERS

EvCC assigns a neutral nine-digit number as the primary student identification (SID number). To comply with the Tax Payer Relief Act of 1997, EvCC must obtain your correct social security number (SSN) to file returns with the Internal Revenue Service (IRS) and to furnish an annual statement to you that contains information about tuition and fees that may qualify for Hope Scholarship or Lifetime Learning tax credit. The Privacy Act of 1974, section 6109 of the Internal Revenue Code, requires that you give your correct SSN to agencies which must file information returns to the IRS. For more information, please refer to Internal Revenue Code Section 6050S. EvCC also uses your SSN to support verification of your enrollment, degree(s) and transcripts, administer financial aid, collect student debt, and conduct research. When conducting studies or using agencies to support records transactions, EvCC will only use your SSN in a manner that does not permit personal identification of you by other than authorized representatives. By providing your SSN you are consenting to the uses described above. However, you are not required to consent to the use of your SSN for research; if you chose not to do so you will not be denied access to EvCC. You may revoke your consent at any time by writing to the Enrollment Services Office.

ACCESS TO RECORDS

Students may gain access to their own transcript through the College's website, using the student kiosk function. Access requires use of your student identification number (SID) and personal identification number (PIN). We encourage you to select a private PIN; instructions for doing so are available through the In-Touch telephone registration system, or the website.

DISCLOSURE OF STUDENT INFORMATION

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- 1) The right to inspect and review the student's education records within 45 days of the

day the College receives a request for access. Students should submit to the Enrollment Services Office written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- 2) The right to request the amendment of the student's text-based education records that the student believes are inaccurate or misleading. Students may ask the College to amend a record that they believe is inaccurate or misleading. Students should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. Please note: separate policies apply for requests for a grade change.
- 3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, collection agent, or verification agency); a person serving on the Board of Trustees;

or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the College may disclose education records without consent to officials of another school in which a student seeks or intends to enroll, and to military recruitment services pursuant to the Solomon Amendment. The College is also required to provide information to the Federal Government regarding students who may be eligible for the Hope Scholarship and Lifetime Learning tax credit programs. The College does not disclose education records to family members without student consent.

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures of this College to comply with the requirements of FERPA.

Everett Community College is authorized under FERPA to release only directory information, which includes the student's names, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, quarters of attendance, degrees and awards received, date of birth, and the most recent previous educational agency or institution attended by the student. This information may be released by the College at any time unless the College has received prior written notice from the student, filed in the Enrollment Services Office, requesting non-release of information. All other information may be released only upon the written consent of the student unless described in section (3), above.
