SGA | Intern Program Application

Please Complete The Following:

- 1 Applicant Information
- 2 Questionnaire
- 3 Electronic Signature

The Student Government Intern Program has been established to teach students the duties, obligations and responsibilities of the Student Government Association (SGA). By pairing students with mentors in Student Government along with other organizations established on campus, students will have an opportunity to learn what SGA is all about. The interns will complete internship throughout the Fall and Spring Semesters. In addition to SGA exposure, SGIP will provide students with a platform for personal growth and development in areas such as leadership and interpersonal skills. As an intern, you will have the opportunity to work with current students leaders as well as meet prominent members of the FIU community. Most importantly, you will meet and work with other innovative and dynamic students. Joining the Intern Program is a big step towards being an active member of the FIU family as well as actively developing yourself.

We thank you for picking up an application, and wish you the best of luck!

Alex Castro & Andres "Gonzo" Gonzalez
 Intern Coordinators
 Sga.intern@fiu.edu
