Guidelines for Student Organization Web Pages

I.   Content
   A. The Student Organization Constitution (and Bylaws) must be included on the Organizations website and must be publicly accessible.
   B. All web pages must stylistically look well and adhere to each organization's identity. (i.e. use complimentary colors, don't mix too many fonts, etc)
   C. All web pages must have a disclaimer at the footer of every page*
   D. Each page should also have the logo of the Organization (if available)

II.   Policies
   A. While the College makes no effort to pre-approve, review or edit organizational web pages, it reserves the right to remove pages that it, in its sole discretion, deems inappropriate.
   B. In order to be linked from the official LVC web site, Student Organization web sites must be housed on the LVC server.

III.   Maintenance
   A. A web site that is more than one academic year out-of-date will be hidden from public access on the main College web site.

*Disclaimer to be added to all organizational pages:

"The links from this page are the web pages of student organizations at Lebanon Valley College. These pages do not in any way constitute official College content and Lebanon Valley makes no effort to pre-approve, review or edit these pages. The views and opinions expressed in these web pages are strictly those of the student organizations that maintain the pages, and authors of the pages themselves. Comments should be directed to them."
