Spring 2014 Elections

March 10th - 14th

Presidential Candidates

Wesley Jackson

Hey Aggies! My name is Wesley Jackson and I am seeking your support to become your next ASNMSU President. For the past three years I have served the students of NMSU as the Vice President, a Senator, and as the Assistant Attorney General of ASNMSU. I have had the privilege to sit on the Student Advocacy Board

which advocates for lower tuition and the continuance of the Lottery Scholarship, the Continuing Diversity Board which ensures that each diversity program is equally represented within ASNMSU, as well as the Student Fee Review Board which oversees the appropriation of student fees. As Vice President I have learned an enormous amount about ASNMSU and how it functions to properly represent students. If elected I will represent the students to the best of my ability. I will work to improve the life and college career of all students, and I will work to create a more transparent student government. I will continue to improve ASNMSU's services and fight for students on issues such as tuition, student fees, lottery scholarship, and fractional grading. Together we can have a stronger and more diverse student government. I hope I can count on your support. GO AGGIES!

Vice Presidential Candidates

Collin King

I am a Graduate of NMSU and I am currently working on my Masters of Arts in Government. I have been a Graduate Senator for more than a year and a half. In my time in the ASNMSU Senate, I have been the Chair of all three Senate Standing Committees. I was elected President Pro Tempore of the Senate in March 2013; my duties have included mentoring junior senators, sitting on committees that the President and Vice President are unable to attend, sitting on the Student Fee Review Board, and the Publications and Media Board. In my role as Senator and Pro Tempore, I have always strived to put students first, either through streamlining the club appropriations process by rewriting Chapter 8 of the ASNMSU lawbook or through my actions on the Senate floor. If elected, I am more than prepared to Chair the Senate, as well as provide mentorship to newer Senators. I will work closely with the next President of ASNMSU to represent the student voice on university policymaking committees and will work diligently to advance student interests at this institution. I will bring extensive experience and advocacy to the Office of Vice President. Thank you. Go Aggies!

Jeremy Witte

A leader's job is to look into the future and see the organization, not as it is, but as it should be. ASNMSU is an organization that has the potential to provide an effective and positive impact to our students, with the right leadership. I'm Jeremy Witte, a senior majoring in Agricultural Economics and Agricultural

Business with minors in Economics and Psychology. I have shown dedication to this university as the ASNMSU Director of Governmental Affairs in which I am a registered lobbyist empowered to represent the student body, an ASNMSU Senator, Senate Rules Committee Chairman, Senate Parliamentarian, on the Student Diversity Board where I voted to support cultural diversity, and on the Student Advocacy Board where I advocated for solutions to the lottery scholarship at the State Legislature. As Vice-President I will work to make Crimson Cab more efficient, create transparency in Senate, and build better and sustaining college councils. I will work hard to ensure that students have all the necessary resources to build a successful college experience. I believe in a prosperous future at New Mexico State University and I look forward to working with you to guarantee that success.

I am very determined, and enjoy staying involved on campus and in my community. Since my beginning years at New Mexico State University, I have participated in student organizations on campus including Alpha Xi Delta, the law and society club, and PIRG. After completing my undergrad here at NMSU, I aim to pursue a degree in law. During my time here, I would like to represent the students of the college of Arts and Sciences. re-elected, I want to continue representing the students in my college and making sure their voices are heard! Just as I have this year, I want to promise my constituents that my second term as an ASNMSU senator will consist of making sure their student fees are spent wisely and that any decisions made will be done with their best interests in mind. Dustin Chavez

Hello, my name is Dustin Chavez. I'm a double major of accounting and finance, running for Senate under the Business College. I could tell you about how I'm a crimson scholar or about various clubs, Greek organizations, and groups that I'm currently a part of. I could even tell you about various community service activities I participate in each semester, but so can everyone else who is running for Senate. Nothing I have listed is a reason you should vote for me. The reason you should vote for me is my burning passion for the welfare of New Mexico State University, and I

want to give back to the students who have given so much to me. I want to use what I've learned here at NMSU to provide better budgeting for our student government. I want to eliminate all wasteful spending, and to make every dollar we do spend go as far as possible in helping create programs and activities that every student at NMSU can take part in or benefit from. All students pay for student government through their tuition here. So make it count, and help make NMSU all it can be. Vote Dustin Chavez for Senate.

Mason Tomlinson

Hello, my name is Mason Tomlinson, a Marketing major with an emphasis in PGA Golf Management. For the last year I have had the privilege to represent the College of Business to the AS-NMSU Senate. This year has been very exciting to learn what great work the students of New Mexico State have been doing throughout the world, from international community service projects to working closely with our State Legislature on the issue of the dwindling lottery scholarship. Throughout the past year I have worked to get funding for as many projects, competitions and conferences possible. Now, in the spirit of progress, my plan is to continue the work that the College of Business has done to increase our student involvement in government and to get our students the money that they deserve. College is a time of experience and learning. We have all been blessed with an opportunity to challenge ourselves and to grow. My goal is to continue to be your liaison to help you achieve your goals and ambitions through the resources that ASNMSU has at their disposal. Thank you for your time and vote Mason Tomlinson for College of Business Senator.

Engineering Senators

Aaron Lindsay

My name is Aaron Lindsay and I am currently a sophomore in chemical engineering. Since my start at NMSU, I have been an active member of AIChE and, recently, I have become active within the NMSU Energy Club and SWE. Last semester, I had the opportunity to attend a senate meeting and, ever since, I have been very interested in the issues discussed and voted on within the meetings. In high school, I was student body president and, while in that position, I gained valuable experience on how to represent my peers effectively. If elected, I would use that experience to represent the members of the College of Engineering and ensure that all of your concerns and/or requests are heard.

Elijah Wade

My name is Elijah Wade and am currently a sophomore at NMSU. I am a Chemical Engineering and Psychology double major with a minor in Biochemistry. I have been involved in the American Institute of Chemical Engineers for the past two years and am now Webmaster for the student chapter, as well as the Ambassador for the NMSU Energy Club and have recently joined the Society of Women Engineers. As Senator, I would like to help students become more involved in their student government. I would be obliged to help any group or organization with bill writing, and hope to support the growth of the engineering community on campus.

Milton Winkles

My name is Milton Winkles and I am currently pursuing an Engineering Senate seat here at NMSU. I am studying Electronic Engineering Technology with a minor in Renewable Energy and expect to be graduating May 2015. Engineering is recently new to me as I come from more of a Business Background obtaining a Business Degree in 2012 here at NMSU, as well as running and operating a local company here in Las Cruces,

which repaired and modified consumer electronics. With the end near to sight I want to give back to NMSU to improve our students and faculty's day to day life as well as the many thousands of future students that will attend NMSU. If you have any questions feel free to contact me. Thank you. Milton Winkles; Milton05@nmsu.edu
