

# POLITICAL PARTY APPLICATION

Information regarding “Political Parties” can be found in the Election Rules Chapter 1, Article V: Section D and Chapter 2, Article III

Candidates and agents may form political parties to hone in and build on the strengths of each other. If a candidate chooses to join or form a political party, additional stipulations must be followed in addition to the rules for individual campaign practices (found in the Election Rules: Chapter 2, Article III). All political parties are required to register their party name as well as all members of the party with the Election Commission before party involved campaigning may begin.
