

December 7, 2012

The BAC allocated \$506,044.58 this fall, funding over 68 groups and 111 events. Below is a list of the student organizations who were funded by the BAC and the total amount allocated to each of them in the fall (Figure 1). We saw a rise in funding requests compared with last spring and we attribute that to better leadership and a more active SGA. Below is also a breakdown of funding by event type (Figure 2). We saw 21% of funding go to concerts and 29% to operating budgets. Moving forward, the BAC will continue to try and diversify the use of funds both by funding more groups and different types of events.
