

**TOBIN SHIELDS & GARRETT
LARREAU**

Mt. Hood Community College is a school that brings together many different people from all walks of life. We've lived in the Sandy area and have known each other for the past six years. In that time we've not only become great friends, but we've increased our ability to work together and complete tasks efficiently. If elected, we could pool our talents to make positive changes for MHCC.

Although we see lots of positive things happening at MHCC, there are still things that can and should be accomplished. Just getting to MHCC can be a burden for many students, and parking gets worse every year. We want to tackle these two issues by providing monthly trimet passes at a discounted price--because we believe that lack of affordable transportation should never be a reason for not attending college.

Currently, our printing system has some major drawbacks. We'd like to see a system that no longer uses USB drives or terminals required to print documents. We have looked at how other colleges handle student printouts, and believe that we could design a much cheaper and more convenient system that works for everyone. If we are elected, we will do our best to make sure that the concerns of the student body are heard and carefully considered by the entire ASG.

**JEREMY LIKENS & NATALIA
FIGUEROA**

Hi. I'm Jeremy Likens and I'm running for ASG President. I am currently the President of the most active club on campus, the MHCC Mad Scientists. I'm Natalia Figueroa and I'm running for Vice President. I am currently Secretary of the MHCC Mad Scientists. We are proud to be Saints and want to unlock the potential of our school.

We have so much untapped potential here at our school. Our platform is to "Restore Saints Pride." We were told by one student that our school colors might be confused with concrete and moss. Our pride is lacking. We need to increase how much we care about our school to tap into the potential we have. Restoring Saints Pride consists of Involvement, Unity, and Image. Our plans include helping our clubs, informing students of activities/events on campus, increasing involvement with student government, increasing attendance at athletics events, unifying our multiple campuses and program areas, more large school-wide events, showing our colors and mascot on campus, and keeping our campus looking nice. We have more details on these projects. Please ask!

As a student body, we are not lacking in the ability to do things as much as we are currently lacking the drive to do them. When we restore our pride, the possibilities of what we can do are endless. Once we have a student body that actively has pride in our school, we might even be able to pass a bond measure to start bringing funds back to our school.

**LUIS DELGADO & MARELINO
BAUTISTA**

My name is Marcelino Bautista, this is my second year at MHCC and my major is Business. I'm your current Student Activities Board Administrative Assistant and I'm running for V.P. of Student Government. As elected leaders, our goal is to improve COMMUNICATION between students, faculty, and student government. We'll push bringing three TVs which will be placed in the College Center, Library, and Bookstore to inform you about Financial Aid, campus events, announcements and Flash Alerts! Our second goal is to fight and eliminate UNNECESSARY FEES. We will be loud and transparent when making decisions that affect students directly. Our third goal is to work closely with our Student Activities Board to provide you with exciting events that will enhance STUDENT LIFE and school spirit!

Hello everyone my name is Luis Delgado, currently as a student at MHCC I serve as the Senator of HPE & Athletics. Being involved has helped me learn and improve my personal skills as a leader. I want to see the college improve by engaging students to COMMUNICATE with administration and ASG as their student voice advocates. Like you, as a student I believe that there are UNNECESSARY FEES being implemented. MHCCs' community is special and unique; a goal of mine is to enhance STUDENT LIFE to better serve the campus and community as a whole. MHCC needs a government of students, by the students and ultimately for the students. Let Marcelino and I show you that students are the ultimate leaders.

WILLIAM MILLER & ANTONIO
GUERRERO

Hi I'm William, I'm running for President and I ask for your vote. I'm a political science major in my second year at Mt. Hood and the current Director of Diversity. As a first generation college student in a family of seven, I am the first to attend college. While fighting for students, I've witnessed unprecedented tuition hikes and fewer opportunities for students. I'm running to reverse this course, but rest assured, I'm not running for office, I'm running for you.

Hi I'm Antonio, I'm a business management major in my second year at Mt. Hood. I am many things, a student, an office manager, the oldest of four children, but most importantly I am a PROUD PARENT. Despite great adversity, I have climbed to the highest position within the ASMHCC Senate. I too am running to change the course of our college and I ask for your vote.

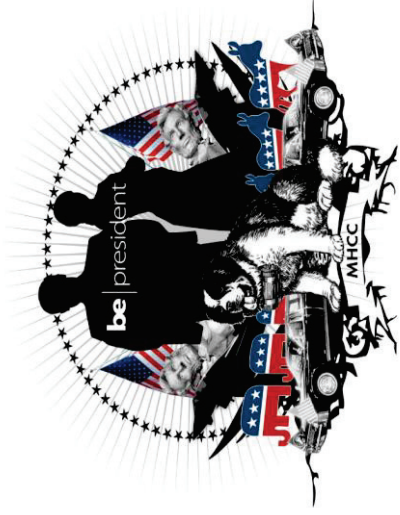

Our college faces financial hardship, chronic apathy, and often divided departments. We ALL want to see Mt. Hood successful but many times we don't put in the effort to prosper. We see ourselves as a bridge bringing students together while giving them a clear vision. If elected, we will fight for access but more importantly opportunity for all students. If Mt. Hood is to remain a community it must allow more people to have the opportunity to thrive. We are committed to upholding this value, not in speeches or in platforms—but in deeds. The choice is yours Mt. Hood. #YOLO!

MIKE DINAPOLI & JAKE
WHITTEN

Mike DiNapoli and Jake Whitten, a promising team for next year's President and Vice President of Mount Hood Community College All Student Body. Both are students in the school's Integrated Media program with a focus in broadcasting, audio engineering and mass communications. They can be found often on campus at the radio station working on KMHD2 radio programming and school work. Building new bridges to the future, DiNapoli and Whitten want to improve and build on an already strong foundation at MHCC. Bringing more open communication and development within the student government and faculty base is this ticket's main platform. DiNapoli, Whitten running for ASB office plan to use their life experiences and apply it to a successful, positive, and rewarding year for the MHCC community as a whole. With a plan to focus energy in simplifying the handling of financial aid and a goal to bring more transparency to the system and process. This team wants accountability and sensibility in business and life. They plan on creating a system for bringing a voice to the issues of the student body and to bring more consistency through better communication. We want to listen to you, come up with creative solutions and use all resources necessary to take action. They would make a strong voice for the diverse student body, a great force for progress and a great vote for student body President and Vice President. Mike and Jake, DiNapoli and Whitten 2012 2013.

A Vote for a Voice.
